Dear Madam:

This is in reference to your abbreviated new drug application dated November 30, 1998, submitted pursuant to Section 505(j) of the Federal Food, Drug, and Cosmetic Act (Act), for Bleomycin for Injection USP, 15 Units/vial and 30 Units/vial.

We note that this product is subject to the exception provisions of Section 125(d)(2) of Title I of the Food and Drug Administration Modernization Act of 1997.

Reference is also made to your amendments dated October 21, 1999; April 28, May 22, and June 8, 2000.

We have completed the review of this abbreviated application and have concluded that the drug is safe and effective for use as recommended in the submitted labeling. Accordingly the application is approved. The Division of Bioequivalence has determined your Bleomycin for Injection USP, 15 Units/vial and 30 Units/vial, to be bioequivalent and, therefore, therapeutically equivalent to the listed drug (Blenoxane® Injection, 15 Units/vial and 30 Units/vial, respectively, of Bristol Myers Squibb Co., Pharmaceutical Research Institute).

We request that you submit, in duplicate, any proposed advertising or promotional copy which you intend to use in

your initial advertising or promotional campaigns. Please submit all proposed materials in draft or mock-up form, not final print.

Submit both copies together with a copy of the proposed or final printed labeling to the Division of Drug Marketing, Advertising, and Communications (HFD-40). Please do not use Form FD-2253 (Transmittal of Advertisements and Promotional Labeling for Drugs for Human Use) for this initial submission.

We call your attention to 21 CFR 314.81(b)(3) which requires that materials for any subsequent advertising or promotional campaign be submitted to our Division of Drug Marketing, Advertising, and Communications (HFD-40) with a completed Form FD-2253 at the time of their initial use.
