

ANDA 76-038

Mutual Pharmaceutical Company, Inc.  
Attention: Robert Dettery  
1100 Orthodox Street  
Philadelphia, PA 19124

Dear Sir:

This is in reference to your abbreviated new drug application dated November 30, 2000, submitted pursuant to Section 505(j) of the Federal Food, Drug, and Cosmetic Act (Act), for Metformin Hydrochloride Tablets, 500 mg, 850 mg, and 1 g.

Reference is also made to your amendment dated December 26, 2001; January 7, January 16, January 24 and February 1, 2002.

We have completed the review of this abbreviated application and have concluded that the drug is safe and effective for use as recommended in the submitted labeling. Accordingly the application is approved. The Division of Bioequivalence has determined your Metformin Hydrochloride Tablets, 500 mg, 850 mg, and 1 g, to be bioequivalent and, therefore, therapeutically equivalent to the listed drug (Glucophage Tablets, 500 mg, 850 mg, and 1 g, respectively, of Bristol Myers Squibb Company Pharmaceutical Research Institute). Your dissolution testing should be incorporated into the stability and quality control program using the same method proposed in your application.

Under Section 506A of the Act, certain changes in the conditions described in this abbreviated application require an approved supplemental application before the change may be made.

Post-marketing reporting requirements for this abbreviated application are set forth in 21 CFR 314.80-81 and 314.98. The Office of Generic Drugs should be advised of any change in the marketing status of this drug.

We request that you submit, in duplicate, any proposed advertising or promotional copy that you intend to use in your initial advertising or promotional campaigns. Please submit all

proposed materials in draft or mock-up form, not final print. Submit both copies together with a copy of the proposed or final printed labeling to the Division of Drug Marketing, Advertising, and Communications (HFD-40). Please do not use Form FD-2253 (Transmittal of Advertisements and Promotional Labeling for Drugs for Human Use) for this initial submission.

We call your attention to 21 CFR 314.81(b)(3) which requires that materials for any subsequent advertising or promotional campaign be submitted to our Division of Drug Marketing, Advertising, and Communications (HFD-40) with a completed Form FD-2253 at the time of their initial use.

Sincerely yours,

Gary Buehler  
Director  
Office of Generic Drugs  
Center for Drug Evaluation and Research
