Dear Sir:

This is in reference to your abbreviated new drug application (ANDA) dated June 23, 2006, submitted pursuant to section 505(j) of the Federal Food, Drug, and Cosmetic Act (the Act), for Dantrolene Sodium for Injection, 20 mg/vial.

Reference is also made to your amendments dated December 22, 2006; and January 15, February 16, March 1, March 21, March 26, April 19, April 26, June 4, and July 18, 2007.

We have completed the review of this ANDA and have concluded that the drug is safe and effective for use as recommended in the submitted labeling. Accordingly the ANDA is approved. The Division of Bioequivalence has determined your Dantrolene Sodium for Injection, 20 mg/vial to be bioequivalent and, therefore, therapeutically equivalent to the reference listed drug, Dantrium Intravenous, 20 mg/vial, of Proctor & Gamble Pharmaceuticals.

Under section 506A of the Act, certain changes in the conditions described in this ANDA require an approved supplemental application before the change may be made.

Postmarketing reporting requirements for this ANDA are set forth in 21 CFR 314.80-81 and 314.98. The Office of Generic Drugs should be advised of any change in the marketing status of this drug.
