SUPPLEMENT APPROVAL

UCB Inc.
Attention: Heather Forusz
Senior Manager Regulatory Affairs
1950 Lake Park Drive
Smyrna, GA 30080

Dear Ms. Forusz:

Please refer to your supplemental new drug application dated September 17, 2010, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act for Metadate CD (methylphenidate HCl) Extended-Release Capsules.

Reference is also made to an Agency letter dated August 20, 2010, requesting revisions to the prescriber labeling.

This Prior Approval supplement provides for the removal of the drug interaction statement regarding methylphenidate and clonidine from the **Precautions-Drug Interactions** section of labeling as requested in our Agency August 20, 2010 supplement request letter.

We have completed our review of this supplemental application. It is approved, effective on the date of this letter, for use as recommended in the enclosed, agreed-upon labeling text.

As soon as possible, but no later than 14 days from the date of this letter, submit, using the FDA automated drug registration and listing system (eLIST), the content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format, as described at <http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>, that is identical to the enclosed labeling (text for the package insert and Medication Guide) and include the labeling changes proposed in any pending "Changes Being Effected" (CBE) supplements. Information on submitting SPL files using eLIST may be found in the guidance for industry titled "SPL Standard for Content of Labeling Technical Qs and As" at <http://www.fda.gov/downloads/DrugsGuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf>.

The SPL will be accessible from publicly available labeling repositories.

Also within 14 days, amend all pending supplemental applications for this NDA, including pending "Changes Being Effected" (CBE) supplements, for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 314.50(l)(1)(i)] in MS Word format that includes the changes approved in this supplemental application.
