

NDA 019487/S-027

## SUPPLEMENT APPROVAL

McNeil Consumer Health Care  
Attention: Victoria Wagner-Weber  
Director, Regulatory Affairs  
7050 Camp Hill Road  
Fort Washington, PA 19034

Dear Ms. Wagner-Weber:

Please refer to your Supplemental New Drug Application (sNDA) dated September 18, 2014, received on September 18, 2014, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Imodium A-D Liquid (loperamide hydrochloride, 1 mg per 7.5 mL).

This “Prior Approval” sNDA provides for the following labeling revisions:

Graphic design changes to the bottle label, along with minor editorial changes to the following labels:

1. Imodium A-D Liquid 4 fl. oz.
2. Imodium A-D Liquid 4 fl. oz. alternative (For ages 6 years & up)
3. Imodium A-D Liquid 8 fl. oz.

We have completed our review of this application. It is approved, effective on the date of this letter, for use as recommended in the agreed-upon labeling text.

### **LABELING**

Submit final printed labeling (FPL) as well as a sample or representation of any dosing cups, as soon as they are available, but no more than 30 days after labels are printed. The FPL must be identical to 4 fl. oz. immediate container (bottle) label, 4 fl. oz. immediate container (bottle (alternative)) label, and 8 fl. oz. immediate container (bottle) label submitted on September 18, 2014, and must be in Drug Facts labeling format ( 21 CFR 201.66), where applicable. The FPL should be identical to the submitted labeling dated September 18, 2014 with the following exception:

- Revise the sodium content statement under the Drug Facts labeling “Other information” section to comply with 201.6(c)(7)(i).

The FPL should be submitted electronically according to the guidance for industry titled “Providing Regulatory Submissions in Electronic Format – Human Pharmaceutical Product Applications and Related Submissions Using the eCTD Specifications (June 2008).” Alternatively, you may submit 12 paper copies, with 6 of the copies individually mounted on heavy-weight paper or similar material. For administrative purposes, designate this submission “**Final Printed Labeling for approved NDA 019487/S-027**.” Approval of this submission by FDA is not required before the labeling is used.

### **DRUG REGISTRATION AND LISTING**

All drug establishment registration and drug listing information is to be submitted to FDA electronically, via the FDA automated system for processing structured product labeling (SPL) files (eLIST). At the time that you submit your final printed labeling (FPL), the content of labeling (Drug Facts) should be submitted in SPL format as described at <http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>. Information on submitting SPL files using eLIST may be found in the guidance for industry titled “SPL Standard for Content of Labeling Technical Qs and As” at <http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf>. In addition, representative container or carton labeling, whichever includes Drug Facts, (where differences exist only in the quantity of contents statement) should be submitted as a JPG file.

### **REQUIRED PEDIATRIC ASSESSMENTS**

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients, new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication(s) in pediatric patients unless this requirement is waived, deferred, or inapplicable. Because none of these criteria apply to your application, you are exempt from this requirement.

### **REPORTING REQUIREMENTS**

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

If you have any questions, call Daniel Reed, Regulatory Project Manager, at (301) 796-2220.

Sincerely,

*{See appended electronic signature page}*
