Dear Ms. Boyne:

Please refer to your supplemental new drug application (sNDA) dated and received May 8, 2020, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Hyzaar (losartan potassium/hydrochlorothiazide) 50/12.5 mg, 100/25 mg, 100/12.5mg Tablets.

We also refer to our letter dated April 7, 2020, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for hydrochlorothiazide-containing drug products. This information pertains to the risk of non-melanoma skin cancer associated with the use of hydrochlorothiazide..

This supplemental new drug application provides for revisions to the labeling for Hyzaar consistent with our April 7, 2020 letter.

Also within 14 days, amend all pending supplemental applications that include labeling changes for this NDA, including CBE supplements for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 314.50(l)(1)(i)] in Microsoft Word format, that includes the changes approved in this supplemental application, as well as annual reportable changes. To facilitate review of your submission(s), provide a highlighted or marked-up copy that shows all changes, as well as a clean Microsoft Word version.
