Farmville, NC 27828

Dear Ellen Chrismon:

Please refer to your supplemental new drug application (sNDA) dated June 19, 2023, received June 20, 2023, submitted pursuant to section 505(b)(2) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Carospir (spironolactone) oral suspension.

This Prior Approval sNDA provides for an update to Section 8.4 of the prescribing information to include a statement that Carospir is not recommended for the treatment of hypertension in pediatric patients because of the potential risks associated with the antiandrogenic, progestogenic, and estrogenic properties of spironolactone in pediatric patients.

APPROVAL & LABELING

We have completed our review of this application. It is approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

The SPL will be accessible from publicly available labeling repositories.

Also within 14 days, amend all pending supplemental applications that include labeling changes for this NDA, including CBE supplements for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 314.50(l)(1)(i)] in Microsoft Word format, that includes the changes approved in this supplemental application, as well as annual reportable changes. The marked-up copy should provide appropriate annotations, including supplement number(s) and annual report date(s).

Please submit these labeling electronically according to the guidance for industry *Providing Regulatory Submissions in Electronic Format — Certain Human Pharmaceutical Product Applications and Related Submissions Using the eCTD Specifications*. For administrative purposes, designate this submission “**Final Printed Carton and Container Labeling for approved NDA 209478/S-006.**” Approval of this submission by FDA is not required before the labeling is used.

PATENT LISTING REQUIREMENTS

Pursuant to 21 CFR 314.53(d)(2) and 314.70(f), certain changes to an approved NDA submitted in a supplement require you to submit patent information for listing in the Orange Book upon approval of the supplement.
