Drug Facts

Active ingredients (in each extended-release bi-layer tablet)

- Dextromethorphan HBr 30 mg .................................................................... Cough suppressant
- Guaifenesin 600 mg ........................................................................................... Expectorant

Uses
- helps loosen phlegm (mucus) and thin bronchial secretions to rid the bronchial passageways of bothersome mucus and make coughs more productive
- temporarily relieves:
  - cough due to minor throat and bronchial irritation as may occur with the common cold or inhaled irritants
  - the intensity of coughing
  - the impulse to cough to help you get to sleep

Warnings

- Do not use:
  - for children under 12 years of age
  - if you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric or emotional conditions, or Parkinson’s disease), or for 2 weeks after stopping the MAOI drug. If you do not know if your prescription drug contains a MAOI, ask a doctor or pharmacist before taking this product.

- Ask a doctor before use if you have:
  - persistent or chronic cough such as occurs with smoking, asthma, chronic bronchitis, or emphysema
  - cough accompanied by too much phlegm (mucus)

- When using this product:
  - do not use more than directed
  - stop use and ask a doctor if:
    - cough lasts more than 7 days, comes back, or occurs with fever, rash, or persistent headache.
    - these could be signs of a serious illness.
  - if pregnant or breast-feeding, ask a health professional before use.

- Keep out of reach of children.

- In case of overdose, get medical help or contact a Poison Control Center right away.

Directions

- do not crush, chew, or break tablet
- take with a full glass of water

■ do not crush, chew, or break tablet
■ take with a full glass of water
■ this product can be administered without regard for timing of meals
■ adults and children 12 years and older: one tablet every 12 hours; not more than 2 tablets in 24 hours
■ children under 12 years of age: do not use
Other information
■ tamper evident: do not use if seal on bottle printed "SEALED for YOUR PROTECTION" is broken or missing
■ store at 20-25°C (68-77°F)
■ see bottom of bottle for lot code and expiration date
Inactive ingredients
■ carbomer 934P, NF; FD&C blue #1 aluminum lake; hypromellose, USP; magnesium stearate, NF; microcrystalline cellulose, NF; medium-starch glycolated, NF

Drug Facts
Active ingredients Purpose
Dextromethorphan HBr 60 mg .............. Cough suppressant
Guaifenesin 1200 mg ..................... Expectorant
Uses
■ helps loosen phlegm (mucus) and thin bronchial secretions to rid the bronchial passageways of bothersome mucus and make coughs more productive
■ temporarily relieves:
  ▪ cough due to minor throat and bronchial irritation as may occur with the common cold or inhaled irritants
  ▪ the intensity of coughing
  ▪ the impulse to cough to help you get to sleep
Warnings
Do not use
■ for children under 12 years of age
■ if you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric or emotional conditions, or Parkinson’s disease), or for 2 weeks after stopping the MAOI drug. If you do not know if your prescription drug contains a MAOI, ask a doctor or pharmacist before taking this product.
Ask a doctor before use if you have
■ persistent or chronic cough such as occurs with smoking, asthma, chronic bronchitis, or emphysema
■ cough accompanied by too much phlegm (mucus)
