SCRUB-STAT™ 2%
Chlorhexidine Gluconate
2% Solution Antiseptic

Surgical Hand Scrub, Healthcare Personnel Hand-
wash, and Skin Wound and General Skin Cleanser

Net Contents:
25 fl oz (750 mL)

6000068

Drug Facts

Active ingredient

Chlorhexidine gluconate solution, 2%.....

Purposes

Surgical hand scrub
Healthcare personnel handwash
Skin wound and general skin cleanser

71875"

Drug Facts (continued)

When using this product

- repeated general skin cleansing of large body areas should not be done except when underlying condition makes it necessary to reduce the bacterial population of the skin

Stop use and ask a doctor if

- irritation, sensitization, or allergic reaction occurs and lasts for 72 hours. These may be signs of a serious condition.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- use with care in premature infants or infants under 2 months of age. These products may cause irritation or chemical burns.
- use full strength
- do not dilute

Drug Facts (continued)

Surgical hand scrub

- remove jewelry
- wet hands and forearms with water and dispense 6 pumps (5 mL) of product into hands
- wash/scrub hands and forearms for 3 minutes paying particular attention to the nails, cuticles, and interdigital spaces
- rinse thoroughly with water
- wash for an additional 3 minutes with 6 pumps (5 mL) of product into hands and rinse under running water
- dry thoroughly

Healthcare personnel handwash

- wet hands with water
- dispense 6 pumps (5 mL) of product into hands and wash in a vigorous manner for 30 seconds
- rinse and dry thoroughly

Drug Facts (continued)

Skin wound and general skin cleanser

- thoroughly rinse the area to be cleansed with water
- apply the minimum amount of product necessary to cover the skin or wound area and wash gently. Rinse thoroughly with water.
- rinse again thoroughly

Other information

- store between 20-25°C (68-77°F)
- avoid excessive heat (above 104°F/40°C)
- for additional information, see Safety Data Sheet (SDS)
- for emergency medical information in USA and Canada, call 1.800.328.0026
- for emergency medical information worldwide, call 1.651.222.5352 (in the USA)

Drug Facts (continued)

Inactive ingredients cocamide DEA, cocamine oxide, fragrance, gluconic acid*, gluconolactone*, hydroxyethylcellulose, isopropyl alcohol 4%, PEG-75 lanolin, PEG-150 distearate, propylene glycol, quaternium-60, water
*contains one or more of these ingredients

Drug Facts (continued)

Uses

- surgical hand scrub:** significantly reduces the number of microorganisms on the hands and forearms prior to surgery or patient care
- healthcare personnel handwash:** handwash to help reduce bacteria that potentially can cause disease
- skin wound and general skin cleanser:** helps reduce bacteria on the skin

Warnings
For external use only

Drug Facts (continued)

Do not use

- if you are allergic to chlorhexidine gluconate or any other ingredients in this preparation
- as a patient preoperative skin preparation (especially on the head or face)
- in contact with meninges
- in the genital area

When using this product

- keep out of eyes, ears, and mouth. May cause serious and permanent eye injury if placed or kept in the eye during surgical procedures or may cause deafness when instilled in the middle ear through perforated ear drums.
- if contact occurs, rinse with cold water right away
- wounds which involve more than the superficial layers of the skin should not be routinely treated
