DEVCOMP-0004264

**Instructions for using ADVAIR DISKUS**  
Read the Medication Guide that comes with ADVAIR DISKUS before you start using it and each time you get a refill. There may be new information.

- Step 1. Open your ADVAIR DISKUS.**  
Hold the DISKUS in your left hand. Place the thumb of your right hand in the thumb grip and push it away from you as far as it will go until the mouthpiece snaps into place.
- Step 2. Slide the lever until you hear it click.**  
Hold the DISKUS in a level, flat position with the mouthpiece towards you. Slide the lever away from the mouthpiece as far as it will go until it clicks.
- Step 3. Inhale your medicine.**  
Breathe out (exhale) as long as you can while you hold the DISKUS level and away from your mouth. Do not breathe into the mouthpiece.  
Put the mouthpiece to your lips. Breathe in quickly and deeply through the DISKUS. Do not breathe in through your nose.  
Remove the DISKUS from your mouth and **hold your breath for about 10 seconds**, or for as long as is comfortable for you.  
**Breathe out slowly as long as you can.**
- Step 4. Close the DISKUS.** Make sure the DISKUS clicks shut and you cannot see the mouthpiece.
- Step 5. Rinse your mouth with water after breathing in the medicine.** Spit out the water. Do not swallow it.
