Distributed by: GSK Consumer Healthcare, Warren, NJ 07069 © 2018 GSK or its licensee 167947DF 1-800-330-9876

Drug Facts

Active Ingredient	Purpose
Terbinafine hydrochloride 1%	Antifungal

Uses

- cures most athlete's foot (tinea pedis) between the toes. Effectiveness on the bottom or sides of foot is unknown.
- cures most jock itch (tinea cruris) and ringworm (tinea corporis)
- relieves itching, burning, cracking and scaling which accompany these conditions

Warnings

For external use only

Do not use

- on nails or scalp
- in or near the mouth or the eyes
- for vaginal yeast infections

When using this product

- do not get into eyes. If contact occurs, rinse eyes thoroughly with water
- do not puncture or incinerate; contents under pressure. Do not expose to heat or store at temperatures above 120°F (49°C).

Stop use and ask a doctor if too much irritation occurs or gets worse

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- adults and children 12 years and over:
 - wash the affected area with soap and water and dry completely before applying
 - to open remove clear cap
 - hold can 4" to 6" from skin. Press and hold to spray a thin layer over affected area
 - release to stop spray
 - wipe excess from spray opening after each use
 - return cap to can
 - for athlete's foot between the toes spray twice a day (morning and night) for 1 week or as directed by a doctor. Wear well-fitting, ventilated shoes. Change shoes and socks at least once daily.
 - for jock itch and ringworm spray affected area once a day (morning or night) for 1 week or as directed by a doctor
 - wash hands after each use
 - children under 12 years: ask a doctor

Other information

- store at 20° to 25°C (68° to 77°F)

Inactive ingredients ethanol, polyoxyl 20 cetostearyl ether, propylene glycol, purified water
