

**Get to know your AirDuo® Digihaler® dry powder inhaler.**  
The **yellow cap** on your inhaler is used to load a dose. Every time the yellow cap is opened and it clicks, one dose is ready to be inhaled.  
**Read the full instructions for Use before you start.**

**Important:**  
**Always close the yellow cap to re-load your next dose.**

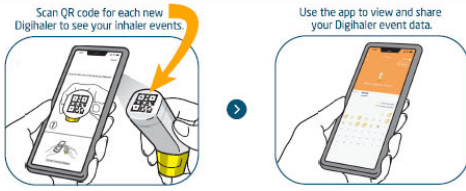

Open	Inhale	Close
		
<b>Open the yellow cap fully until you feel and hear a click.</b>	<b>Breathe in quickly and deeply</b> to release medication and hold your breath for about 10 seconds.	<b>Close the yellow cap</b> to re-load your next dose.

See more info below

A built-in electronic module records and stores information about your inhaler events that you can view in the app. AirDuo Digihaler does not need to be connected to the app in order for you to take your medicine.

Scan QR code for each new Digihaler to see your inhaler events.

Use the app to view and share your Digihaler event data.

For information on your Digihaler and app, call 1-877-410-DIGI (3444) or go to [www.digihaler.com](http://www.digihaler.com).

NDA 208799/S-26 dated May 24, 2023: 232 mcg/14 mcg

Non Varnish Area For Sterilization Cooling Area

NDC 59310-136-06
