

Aranesp® (*darbepoetin alfa*), Epogen® (*epoetin alfa*), and Procrit® (*epoetin alfa*) are Erythropoiesis Stimulating Agents (ESAs) used for patients with cancer

To become certified, Hospital Designees must train and enroll into the ESA APPRISE Oncology Program:

- Complete the ESA APPRISE Oncology Program Training Module for Hospital Designees.
- Complete the enrollment form and fax it to the ESA APPRISE Oncology Program Call Center at 1-866-553-8124.

Failure to comply with the ESA APPRISE Oncology Program requirements will result in suspension of access to ESAs for the hospital for which you are responsible.

**By completing enrollment, I agree to the following on behalf of the hospital for which I am responsible:**

- I have been designated by hospital management to assume the authority and responsibility to internally coordinate and oversee the ESA APPRISE Oncology Program requirements in the hospital listed below.
- I have completed the ESA APPRISE Oncology Program Training Module for Hospital Designees.
- I understand that if healthcare providers (HCPs) in the hospital prescribe Aranesp® or Epogen®/Procrit® to patients with cancer, failure of the staff to comply with enrollment requirements will lead to suspension of access to Aranesp® and Epogen®/Procrit® for the hospital.
- I will inform all HCPs who prescribe Aranesp® or Epogen®/Procrit® for patients with cancer at the hospital of the ESA APPRISE Oncology Program training and certification requirements.
- I will establish or oversee the establishment of a system, order sets, protocols, or other measures designed to ensure that the hospital is in compliance with the Program, such that:
  - Aranesp® or Epogen®/Procrit® is only dispensed to patients with cancer after verifying:
    - that the HCP who prescribes Aranesp® or Epogen®/Procrit® for patients with cancer is certified in the ESA APPRISE Oncology Program; and
    - that the discussion between the patient and the Program-certified provider on the risks of Aranesp® or Epogen®/Procrit® therapy is documented by patient and provider signatures on the ESA APPRISE Patient and Healthcare Provider Acknowledgment Form (Acknowledgment Form) prior to initiation of each new course of Aranesp® or Epogen®/Procrit® therapy.
  - If an HCP who prescribes Aranesp® or Epogen®/Procrit® is not certified in the ESA APPRISE Oncology Program, the provider will be notified that they are not able to prescribe Aranesp® or Epogen®/Procrit® for patients with cancer.
- I am authorized to oversee compliance with Program auditing to assess the effectiveness of the ESA APPRISE Oncology Program.
- I will maintain evidence of compliance with the ESA APPRISE Oncology Program for auditing purposes, as follows:
  - Documentation (ie, unique enrollment ID number) that each HCP in the hospital who prescribes Aranesp® or Epogen®/Procrit® for patients with cancer is certified in the Program.
  - Documentation of the risk:benefit discussion between certified provider and patient on the Acknowledgment Form for each patient with cancer for whom an Aranesp® or Epogen®/Procrit® prescription was filled; the Acknowledgment Forms are to be stored on-site and/or archived in a retrievable manner.
