Please read the following statements carefully.

Your doctor has prescribed POMALYST for you. POMALYST is available only through a restricted distribution program called the POMALYST Risk Evaluation and Mitigation Strategy (REMS)™. Before taking POMALYST, you must read and agree to all of the instructions in the POMALYST REMS™ program.

If a female you have sex with is pregnant or becomes pregnant by you while you are taking POMALYST, it is important for you to know that your unborn baby can have severe birth defects or even die.

Blood clots in your arteries (heart attacks and strokes), veins (deep vein thrombosis) and lungs (pulmonary embolism) can happen if you take POMALYST.

For more information, please see the POMALYST Medication Guide.
