Please read the following statements carefully.

**Your doctor has prescribed POMALYST for your child.** POMALYST is available only through a restricted distribution program called the POMALYST Risk Evaluation and Mitigation Strategy (REMS)™. Before taking POMALYST, patients must read and agree to all of the instructions in the POMALYST REMS™ program.

If a female your child has sex with is pregnant or becomes pregnant by your child while he is taking POMALYST, it is important to know that the unborn baby can have severe birth defects or even die.

Blood clots in your arteries (heart attacks and strokes), veins (deep vein thrombosis) and lungs (pulmonary embolism) can happen if you take POMALYST.

For more information, please see the POMALYST Medication Guide.

I understand and confirm that:

☐ POMALYST can cause severe birth defects or death to the unborn baby if my child has sex with a female who is pregnant or who is able to get pregnant during his treatment

☐ We have read and understood the POMALYST Patient Guide to the POMALYST REMS™ Program and/or educational materials, including the Medication Guide. These materials include information about the possible health problems and side effects that POMALYST may cause

☐ My child’s healthcare provider has reviewed this information with us and answered any questions we have asked

Section 3. Authorization to Start Treatment

I have read the information on this form or it has been read aloud to me in the language of my choice.
