IMPORTANT WARNING:
· It has not been demonstrated that switching to the IQOS system reduces the risk of developing tobacco-related diseases compared to smoking conventional cigarettes.
· HeatSticks™ contain nicotine, which is addictive.
· Using the IQOS system can harm your health.
AVAILABLE EVIDENCE TO DATE:
· The IQOS system heats tobacco but does not burn it.
· This significantly reduces the production of harmful and potentially harmful chemicals.
· Clearly, studies have shown that switching completely from conventional cigarettes to the IQOS system significantly reduces your body's exposure to harmful and potentially harmful chemicals.
