510(k) Summary

Trade Name: TALON™ Anchor Snap-Pak

Sponsor: Mitek Products
60 Glacier Drive
Westwood, MA 02090
Registration #1221934

Contact: Paula E. Bulger
Regulatory Affairs Project Manager
Mitek Products
60 Glacier Drive
Westwood, MA 02090
Phone: (781) 251-2700
Fax: (781) 461-9166

Device Generic Name: Staple, Fixation, Bone

Classification: According to Section 513 of the Federal Food, Drug, and Cosmetic Act, the device classification is Class II.

Product Code: JDR (21 CFR 888.3030)

Predicate Devices: K931782 - Mitek LS Anchor
K962511, K982420 - Mitek Micro Anchor

Product Description: The device described in this 510(k) is a sterile implant used to anchor or lock suture within pre-drilled bone sites and firmly secure soft tissue to bone.

Indications for Use:

The TALON™ Anchor Snap-Pak is used for the fixation of non-absorbable braided surgical suture to bone. This product is intended for the following indications:

Repair and reconstruction or reattachment of tendons and ligaments, muscles and soft tissue flaps to the parietal, temporal ridge, frontal, mandible, maxilla, zygoma and periorbital bones of the skull.

Safety and Performance:

The following safety and performance data has been provided to support substantial equivalence of TALON™ Anchor Snap-Pak:

Performance testing: Pull-out force (preserved human cadaver skull)
Strength comparison (TALON vs. Mitek Micro Anchor)

Conclusion:

Based on safety and performance data, similarities in design, operating principle, materials, biocompatibility and sterilization method, the TALON™ Anchor Snap-Pak has been shown to be substantially equivalent to predicate devices under the Federal Food, Drug and Cosmetic Act.

Trade Name: Talon™ Anchor Snap-Pak
Regulatory Class: II
Product Code: DZL
Dated: October 1, 1999
Received: October 4, 1999

Dear Ms. Bulger:

We have reviewed your Section 510(k) notification of intent to market the device referenced above and we have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (Premarket Approval), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 895. A substantially equivalent determination assumes compliance with the Good Manufacturing Practice for Medical Devices: General (GMP) regulation (21 CFR Part 820) and that, through periodic GMP inspections, the Food and Drug Administration (FDA) will verify such assumptions. Failure to comply with the GMP regulation may result in regulatory action. In addition, FDA may publish further announcements concerning your device in the Federal Register. Please note: this response to your premarket notification submission does not affect any

obligation you might have under sections 531 through 542 of the Act for devices under the Electronic Product Radiation Control provisions, or other Federal laws or regulations.

This letter will allow you to begin marketing your device as described in your 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801 and additionally 809.10 for in vitro diagnostic devices), please contact the Office of Compliance at (301) 594-4692. Additionally, for questions on the promotion and advertising of your device, please contact the Office of Compliance at (301) 594-4639. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21 CFR 807.97). Other general information on your responsibilities under the Act may be obtained from the Division of Small Manufacturers Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its internet address "<http://www.fda.gov/cdrh/dsmamain.html>".

Sincerely yours,

Timothy A. Ulatowski
