This summary of 510(k) safety and effectiveness information is being submitted in accordance with requirements of 21 CFR Part 807.92.

Date: 2003. 8. 28

1. Company and Correspondent making the submission:
   Name – We Dong Myung Industrial Co., Ltd.
   Telephone – 770-565-6166
   Fax – 770-565-9762
   Contact – Mr. Ronald D. Arkin
   Internet – http://www.dmdental.co.kr

2. Device:
   Proprietary Name – e-Sarang 86, DM-78, DM-55
   Common Name - Dental casting alloy
   Classification Name – Gold-based alloys for clinical use

3. Predicate Device :
   K003603

4. Classifications Names & Citations :
   21CFR 872.3060, EJT and EJS, Gold-based alloys and precious metal alloys for clinical use, Class2
   Guidance document for the preparation of premarket notifications [510(k)’s] for dental alloys

5. Description :
   e-Sarang 86, DM-78 and DM-55 are dental casting gold alloy for the fabrication of inlay/onlays, crowns, short span bridges, long span bridges and removable partials.

6. Indication for use :
   Reconstruction of dental restorations.

7. Contra-indications :
   Potential complications associated with the use of e-Sarang 86, DM-78 and DM-55 may
include, but not limited to:

- Allergies to metals

8. Review:

e-Sarang 86, DM-78 and DM-55 have the same device characteristics as the predicate device. Material, design and use concept are similar.

e-Sarang 86, DM-78 and DM-55 have been subjected to extensive safety, performance, and product validations prior to release. Safety tests have been performed to ensure the devices comply to applicable industry and US regulations.

An extensive review of literature pertaining to the safety and biocompatibility of dental gold alloy has been conducted. Appropriate safeguards have been incorporated in the design of e-Sarang 86, DM-78 and DM-55.

9. Conclusions:

In accordance with the Federal Food, Drug and Cosmetic Act, 21 CFR Part 807, FDA's "Guidance document for the preparation of premarket notifications [510(k)'s] for dental alloys" and based on the information provided in this premarket notification We Dong Myung Dental Industrial Co., Ltd. concludes that e-Sarang 86, DM-78 and DM-55 are safe and effective and substantially equivalent to predicate devices as described herein.

10. We Dong Myung Dental Industrial Co., Ltd. will update and include in this summary any other information deemed seasonably necessary by the FDA.

END
We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.
Please be advised that FDA’s issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies.

You must comply with all the Act’s requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Office of Compliance at (301) 594-4613. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21 CFR Part 807.97). You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its Internet address http://www.fda.gov/cdrh/dsma/dsmamain.html

Sincerely yours,

Chiu Lin, Ph.D.
Director
Division of Anesthesiology, General Hospital,
Infection Control and Dental Devices
Office of Device Evaluation
Center for Devices and
Radiological Health

Enclosure
510(k) Number K 037485

Device Name: e-Sarang 86, DM-78, DM-55

Indication for use: Reconstruction of dental restorations.

e-Sarang 86: inlays for non stress-bearing areas.

DM-78: full crowns, 3/4 crowns, and short-span fixed partial dentures.

DM-55: full crowns, long-span fixed partial dentures, and removable partial dentures
