Summary of Safety and Effectiveness

Hoffmann® II Micro™ External Fixation System Line Extension

Proprietary Name: Hoffmann® II Micro™ External Fixation System
Common Name: External Fixation Frame Component
Classification Name and Reference: Single/multiple component metallic bone fixation appliances and accessories, 21 CFR §888.3030
Device Product Code: 87 KTT, 87 LXT & 87 JEC

For Information contact: Vivian Kelly, Regulatory Affairs Specialist
Howmedica Osteonics Corp.

Phone: (201) 831-5581
Fax: (201) 831-6038

Date Summary Prepared: December 5, 2003

Description:
This Special 510(k) submission is intended to address modifications to the predicate Hoffmann® II Micro™ External Fixation System. The subject and predicate Hoffmann® II Micro™ External Fixation Systems are both fabricated from stainless steel components and carbon connecting rods.

Intended Use:
The Hoffmann® II Micro External Fixation System is an intended to be used with the Half Pins or Transfixing Pins of the Hoffmann® External Fixation System and the Components of the Hoffmann® II External Fixation System. It is intended to be used in the stabilization of open and/or unstable fractures and where soft tissue injury precludes the use of other fracture treatments such as IM rodding, casting and other means of internal fixation.

Substantial Equivalence:
The subject Hoffmann® II Micro™ External Fixation System shares the same intended use, and basic design concepts as that of the currently available Hoffmann® II Micro™ External Fixation System. Mechanical testing demonstrated comparable mechanical properties to the predicate components.

Re: K033476  

Trade/Device Name: Hoffmann® II Micro™ External Fixation System  
Regulation Number: 21 CFR 888.3030, 21 CFR 888.3040  
Regulation Name: Single/multiple component metallic bone fixation appliances and accessories; Smooth or threaded metallic bone fixation fastener, Smooth or threaded metallic bone fixation fastener  
Regulatory Class: II  
Product Code: KTT, LXT, JEC  
Dated: January 6, 2004  
Received: January 7, 2004  

Dear Ms. Kelly:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

Please be advised that FDA’s issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act’s requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.
This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Office of Compliance at (301) 594-4659. Also, please note the regulation entitled “Misbranding by reference to premarket notification” (21 CFR Part 807.97). You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its Internet address http://www.fda.gov/cdrh/dsma/dsmamain.html

Sincerely yours,

Celia M. Witten, Ph.D., M.D.
