510(k) Submission for NUZONE X2 Surgical Glove Powderfree

AUG 2 0 2004

## 510(k) Summary

Submitter Name	Terang Nusa Sdn Bhd
Submitter Address	1, Jalan 8 Pengkalan Chepa 2 Industrial Zone 16100 Kota Bharu, Kelantan, Malaysia.
Submitter Telephone	+60 9 7747171
Submitter Fax	+60 9 7747757
Contact Person	LOW, Chin Guan
Date of preparation	09 May 2004
Trade Name	NUZONE X2
Common Name	Sterile Neoprene - Polyisoprene Synthetic surgical glove, Powderfree, Polymer coated.
Classification	Surgeon's Glove
Legally marketed device to which substantial equivalence is being claimed.	The NUZONE X2, described in this 510(k) is substantially equivalent to the NUZONE Nitrile Surgical Gloves Powderfree that is currently marketed.
Description of device	NUZONE X2, powderfree surgical glove meets the requirements for surgical gloves described by the American Standard for Testing and Material ASTM D 3577 - 01a <sup>e2</sup> .
Intended Use of the device	NUZONE X2 surgical gloves are disposable and sterile devices intended to be worn by healthcare personnel to prevent cross contamination between the user and the patient during procedures.

Re: K041436  
Trade/Device Name: Neoprene-Polyisoprene Synthetic Surgical Glove-Powderfree  
NUZONE X2  
Regulation Number: 878.4460  
Regulation Name: Surgeon's Glove  
Regulatory Class: I  
Product Code: KGO  
Dated: August 6, 2004  
Received: August 9, 2004

Dear Mr. Low:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

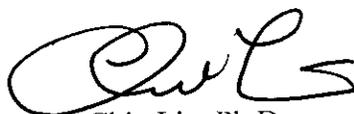

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Office of Compliance at (301) 594-4618. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21CFR Part 807.97). You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its Internet address <http://www.fda.gov/cdrh/dsma/dsmamain.html>
