510K SUMMARY as required by: 21CFR 807.92

A. APPLICANT INFORMATION

Name: SUTURES INDIA PVT. LTD
Address: Sutures India Pvt. Ltd. 118, 3rd Phase, Peenya Industrial Area, Bangalore-560058. India
PH.NO.: 91-80-28395150 / 28370367 / 28377856
FAX NO.: 91-80-28392280.
E mail: sutures@vsnl.com
Web address: www.suturesin.com

B. Contact Person: L.G.Chandrasekhar
   MANAGING DIRECTOR

C. Date Prepared: May 07, 2004

D. DEVICE TRADE NAME
   • Trade Name: TRULON
   • Common name: Nonabsorbable Surgical Suture, U.S.P.
     (Monofilament Polyamide)
   • Classification Name: Nonabsorbable Polyamide Surgical Suture

E. PREDICATE DEVICES
   • Nylon Nonabsorbable Surgical Suture, 510(k) Number K001173, C.P. Medical, Portland, OR 97232.
   • Nylon Nonabsorbable Surgical Suture, 510(k) Number K960327, R.K. Medical L.L.C, Danbury, CT 06810
TRULON Nonabsorbable Polyamide Surgical Suture is a nonabsorbable, sterile, flexible monofilament thread composed of long chain aliphatic polymers Nylon 6 and Nylon 6.6. Nonabsorbable Polyamide Surgical Suture meets the United States Pharmacopeia (U.S.P.) monograph requirements for Nonabsorbable Surgical Suture. Nonabsorbable Polyamide Surgical Suture may be dyed Logwood Extract, C.175290 conforming to U.S.Code of Federal Regulations 21 CFR 73.1410. The suture may be provided with or without a standard needle attached.

G. INTENDED USE OF THE DEVICE

Suture India TRULON Nonabsorbable Polyamide Surgical suture, is indicated for use in soft tissue approximation and/or ligation, including use in cardiovascular, ophthalmic and neurological procedures.

CONCLUSION

Suture India TRULON Nonabsorbable Polyamide Surgical suture is composed of the same material, as are the predicated devices and has the same design, as do the predicate devices. The suture is manufactured in a manner typical of the industry and equivalent to that used to produce predicate devices. Further the subject device is offered with the same colorant Logwood extract at a concentration that conforms to the requirements of Title 21 CFR § 73.1410 or similar FDA approved color, as are of the predicate devices.

Testing of suture diameter, suture length, knot pull tensile strength, extractable color and needle attachment strength and sterility to methods outlined in USP 26 demonstrates Sutures India TRULON Nonabsorbable Polyamide Surgical suture meets or exceeds USP specifications and are equivalent in terms of the above mentioned predicate devices.

Re: K041510  
Trade/Device Name: TRULON™ Non-absorbable Polyamide Surgical Suture  
Regulation Number: 21 CFR 878.5020  
Regulation Name: Nonabsorbable polyamide surgical suture  
Regulatory Class: II  
Product Code: GAR  
Dated: May 3, 2005  
Received: May 6, 2005

Dear Mr. Chandrasekhar:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

Please be advised that FDA’s issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act’s requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.
This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Office of Compliance at (240) 276-0115. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21CFR Part 807.97). You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its Internet address [http://www.fda.gov/cdrh/industry/support/index.html](http://www.fda.gov/cdrh/industry/support/index.html).

Sincerely yours,
