Bewell SC 20 scooter

Proprietary and Manufacturer information:
Cycling and Health Tech Industry R&D Center/CHC
No. 17, 37th Rd., Taichung Industry Park, Taichung, Taiwan
Contact person: Chang Wan-Lan
Director of Testing Department
Phone: 886-4-23501100
Facsimile: 886-4-23504590
e-mail: cwl@thnet.org.tw
Date prepared: November 10, 2004

Device
Trade name: Bewell SC 20 scooter
Common name: Electrical scooter
Classification name: Motorized three-wheeled vehicle
Medical specialty (Panel): Physical Medicine Device
Regulation number: 890.3800
Product Code: 891NI
Classification: Class II

Predicate devices
Manufacture name: TUNG DENG ENTERPRISE CO., LTD.
Name: Be-Mobile 4-Wheeled Electric Scooter, DK S500
k number: K033239
Date cleared: 12/18/2003

Intend use of device
Bewell SC 20 scooter is intended for an indoor/outdoor scooter that provides transportation for disabled or elderly persons limited to a seated position.
Device description:
The Bewell SC 20 scooter is motor driven, indoor and outdoor transportation vehicles with the intended use to provide mobility to disabled or elderly persons limited to a seated position.

The Bewell SC 20 scooter is with a 130 kg (286 lbs) weight capacity. The scooter is basic conventional rear wheel drive, rigid frame vehicle that are battery powered. It consists primarily of a welded steel frame, lighting system, a sealed transaxle motor drive system, electromagnetic braking system, electric motor controller, two batteries with an off-board charger and an adjustable seat.

It also includes a tiller handle for steering and a thumb operated potentiometer throttle control lever to engage and disengage the scooter motion in both the forward and reverse directions.

The scooter is powered by two 12 volt lead-acid DC batteries with 35.2 km (22 miles) with 36AH which maximum speed upto 9 km/hr (5.6 mph).

Substantial equivalence:
The Bewell SC 20 scooter is substantially equivalent to the Be-Mobile 4-Wheeled Electric Scooter, DK S500 (K033239) manufactured by TUNG DENG ENTERPRISE CO., LTD.

Analysis of comparison of design, function and feature of Bewell SC 20 scooter to TUNG DENG DK S500 (K033239), together with the results of compliance testing to existing ANSI/RESNA, ISO 7176 and IEC standards, demonstrate the device to be substantially equivalent to the predicate in terms of meeting performance criteria and functioning as intended.

While there are minor differences in performance specifications of the scooters, these differences do not alter the intended function and use of the device, nor do they raise any new questions pertaining to safety or effectiveness. Therefore, CHC believes that the Bewell SC20 scooter is substantially equivalent to legally marketed devices currently in commercial distribution.

Non-Clinical testing
Bewell SC 20 scooter has been tested to wheelchair standards. They include:

(4). CISPR 11-1990 Industrial, scientific and medical (ISM) Radio-Frequency equipment- electromagnetic disturbance characteristics – limits and methods of measurement

(5). IEC 61000-4-2-1995 EMC-Electrostatic discharge immunity test (ESD)

(6). IEC 61000-4-3-1995 EMC-Testing and measurement techniques-Radiated, RF, electromagnetic field immunity test

Re: K043326  
Trade/Device Name: Bewell SC 20  
Regulation Number: 890.3800  
Regulation Name: Motorized three-wheeled vehicle  
Regulatory Class: II  
Product Code: INI  
Dated: December 20, 2004  
Received: January 4, 2005  

Dear: Mr. Chang Wan Lan

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

Please be advised that FDA’s issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act’s requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.
This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Office of Compliance at (240) 276-0120. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21 CFR Part 807.97). You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its Internet address http://www.fda.gov/cdrh/industry/support/index.html.

Sincerely yours,

Celia M. Witten, Ph.D., M.D.
