510(k) Summary

K050015

General Information

Date Compiled January 3, 2004

Classification Class II

Trade Name Modified Acumen Sheath

Submitter Acumen Medical, Inc.  
1400 Terra Bella Blvd., Suite A  
Mountain View, CA 94043

Contact Marybeth Gamber  
Director, Regulatory Affairs

tel: 650-352-5700, ext. 226  
fax: 650-352-5700

Intended Use

The Acumen Sheath is indicated for the introduction of various types of pacing or defibrillator leads and catheters.

Predicate Devices

**Acumen Sheath** K042376  
Manufactured by Acumen Medical, Inc.

Device Description

The Acumen Sheath is a single-use percutaneous catheter indicated for the introduction of various types of pacing or defibrillator leads and catheters.

The Acumen Sheath has a guidewire lumen and a lumen for the introduction of various types of pacing or defibrillator leads and catheters. The sheath is designed to be splittable, thereby allowing its removal from the lead, and a slit is provided with the device.

Materials

All materials used in the manufacture of the Acumen Sheath are suitable for this use and have been used in numerous previously cleared products.

Testing

Testing has been performed and all components, subassemblies, and/or full devices met the required specifications for the completed tests.

Summary of Substantial Equivalence

Acumen Medical believes the Acumen Sheath is substantially equivalent to the predicate product. The intended use, method of operation, methods of construction and materials used, are either identical or substantially equivalent to existing legally marketed predicate product.

Re: K050015  
Trade/Device Name: Modified Acumen Sheath, Model TTWO 767  
Regulation Number: 21 CFR 870.1340  
Regulation Name: Introducer Catheter  
Regulatory Class: II  
Product Code: DYB  
Dated: January 3, 2005  
Received: January 4, 2005

Dear Ms. Gamber:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

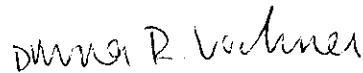

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set

Page 2 – Ms. Marybeth Gamber

forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050. This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Office of Compliance at (240) 276-0120. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21CFR Part 807.97). You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its Internet address <http://www.fda.gov/cdrh/industry/support/index.html>.

Sincerely yours,

 Bram D. Zuckerman, M.D.
