5. 510(k) Summary or 510(k) Statement

Medlite C6 Q-Switched Nd: YAG Laser Medlite Compression Tool and Handpiece Attachment Accessories 510k Summary

Submitter: Hoya ConBio, Inc.
47733 Fremont Blvd.
Fremont, California 94538
Phone: 510-445-4500
Fax: 510-445-4550

Contact: Mr. Jim Green
Vice President of Engineering

Date Summary Prepared: March 28, 2006

Device Trade Name: Medlite™ Nd: YAG Laser System: Compression Tool and Handpiece Accessory

Common Name: Dermatology Laser System

Classification Name: Instrument, surgical, powered, laser
79-GEX
21 CFR 878.4810

Equivalent Device: Candela Pigmented Lesion Compression Handpiece Accessory – K051359
Medlite™ C6 Q-Switched Nd: YAG Laser / Standard MultiSpot™ Handpiece Accessory – K014234

Device Description: The Compression Tool and Handpiece Attachment Accessories are intended to be used to assist and enhance the procedure of treating dermatological conditions. The Compression Tool and Handpiece Attachment Accessories are additional accessories designed to accompany the currently offered MedLite MultiSpot Handpiece. The purpose for these accessories are purely for a cosmetic end to help reduce undesirable purpura while treating with the Medlite C Series lasers.

Intended Use: For use in dermatology for all currently approved indications for the Medlite C-Series Nd: YAG Laser Systems and MultiSpot Handpiece.

Re: K060977
Trade/Device Name: HOYA ConBio Compression Tool and Handpiece Accessories
for use with MedLite™ C Series Q-Switched Nd: YAG Laser Systems
Regulation Number: 21 CFR 878.4810
Regulation Name: Laser surgical instrument for use in general and plastic surgery
and in dermatology
Regulatory Class: II
Product Code: GEX
Dated: April 6, 2006
Received: April 10, 2006

Dear Mr. Green:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

Please be advised that FDA’s issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must
comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Office of Compliance at (240) 276-0115. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21CFR Part 807.97). You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its Internet address http://www.fda.gov/cdrh/dsma/dsmamain.html

Sincerely yours,

Mark N. Melkersen
