PREMARKET NOTIFICATION

510(k) SUMMARY

1. Applicant: Medical Intelligence Medizintechnik GmbH

2. Address: Feyerabendstrasse 13 – 15
86830 Schwabmünchen
Germany

3. Contact Person: Christian Hieronimi
Tel. +49 (0) 8232 9692-0

4. Preparation Date: February 15, 2006

5. Device Submitted: HexaPOD™ RT Couch Top

6. Proprietary Name: HexaPOD™ RT CouchTop

7. Common Name: Hexapod

8. Classification Name: Powered radiation therapy patient support assembly
Product Code JAI

9. Substantial Equivalence: The HexaPOD is substantially equivalent to the
following legally marketed device:
Medical Intelligence's "HexaPOD RT Couch Top".
The characteristics of this device are similar to those
of the predicate device identified on the comparison
chart, which is provided with the premarket notification
submission. It is our opinion that the HexaPOD does
not have technological characteristics that raise
additional types of questions related to terms of safety
and effectiveness.

Document #: PMN 510(k) summary Version 01 vom/of 2006-02-15 1 / 2
10. **Device Description:**

The HexaPOD consists of two platforms, which are connected by six linear, rigid but length adjustable elements which are powered. By appropriate coordinative adjustment of these elements, the system is able to move the upper platform relative to the lower one. The movement can occur in all three dimensions in space. Additionally the upper platform can rotate around these three axes which results in a tilt or a rotation of the upper platform relative to the lower one. Finally an accurate positioning within all six degrees of freedom (6DOF) can be provided. The HexaPOD consists of a controller unit which is directed by a cable connected hand control. Additionally it can be directed via an external graphics user interface (GUI) which is installed on a PC.

11. **Intended Use:**

The intended use of the device is to support and aid in positioning a patient during radiation therapy.

12. **Summary of the Product Change:**

The only modification made to the product are the following evolutionary hardware changes:

- Table top changed to iBEAM Couch Top
- Table top extension
- Geometric locations of actuators changed
- Implementing additional safety functions

13. **Summary of the Product Similarities to predicate device:**

The HexaPOD is identical with the predicate device concerning:

- Intended use
- Behaviour of movement
- Control software
- Electronic and electro-mechanical components

12. **Biocompatibility:**

The HexaPOD is not in direct contact with the patient. At any time when in use a sheet is to be placed between the patient's skin surface and the treatment support when in use. Additionally there are no new materials introduced in the manufacture of the HexaPOD. Therefore, no biocompatibility studies were undertaken for this device.

13. **Performance Data:**

No performance data is required for this Class II device nor requested by the Food and Drug Administration (Office of Device Evaluation).

Re: K062639
Trade/Device Name: HexaPOD™ RT Couch Top
Regulation Number: 21 CFR §892.5770
Regulation Name: Powered radiation therapy patient support assembly
Regulatory Class: II
Product Code: JAI
Dated: August 21, 2006
Received: September 6, 2006

Dear Mr. Preiss:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (Premarket Approval), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.
Please be advised that FDA’s issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act’s requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Office of Compliance at one of the following numbers, based on the regulation number at the top of this letter:

- 21 CFR 876.xxx (Gastroenterology/Renal/Urology) 240-276-0115
- 21 CFR 884.xxx (Obstetrics/Gynecology) 240-276-0115
- 21 CFR 894.xxx (Radiology) 240-276-0120
- Other 240-276-0100

Also, please note the regulation entitled, “Misbranding by reference to premarket notification” (21 CFR Part 807.97). You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (240) 276-3150 or at its Internet address http://www.fda.gov/cdrh/industry/support/index.html.

Sincerely yours,

Nancy C. Brogdon
