This summary of 510(k) safety and effectiveness information is being submitted in accordance with the requirements of SMDA 1990 and 21 CFR 807.92.

**The assigned 510(k) number is:** K070767

**Applicant information:**

- **Date Prepared:** July 5, 2007
- **Name:** Lapis Lazuli International NV
- **Address:** Damsluisweg 48
  1332 ED Almer
  The Netherlands
- **Contact Person:** Mr. Mark Berkouwer
  Executive Officer
- **Phone number:** +31 (0) 36 547 6020
- **USA Consultant:** MedVice Consulting, Inc.
  Mr. Martin Dalsing
- **Phone number:** (970) 243-5490
- **Fax number:** (970) 243-5501
- **Email address:** marty@FDApproval.com

**Device Information:**

- **Device Classification:** Class II
- **Classification Number:** LPN 886.5928
- **Classification Name:** Accessories, soft lens products
  Soft (hydrophilic) contact lens care products

**Trade Name:** EYE SEE™ Multipurpose, Contact Lens Solution
Purpose of 510(k) Submission:

Change in Directions for Use.

Change from 4 hour soak to a 10 Minute Express Disinfection, will be added to the Labeling and Directions for Use of Lapis Lazuli International’s previously cleared 510(k) K051104.

Lapis Lazuli International NV Co. Ltd proposes to market and sell in United States interstate commerce, The EYE SEE™ Multipurpose Contact Lens Solution with a new directions for use, the change from 4 hour soak to a 10 minute express disinfection. Data supporting the 10-minute express disinfection is contained in this submission. The EYE SEE™ Multipurpose Contact Lens Solution is the same solution as cleared in 510(k) K051104.

Equivalent Devices:

The EYE SEE™ Multipurpose Contact Lens Solution is substantially equivalent in terms of its actions and indications for use to the following predicate devices:

PREDICATE DEVICES~

- The EYE SEE™ Multipurpose Contact Lens Solution Manufactured by Lapis Lazuli International NV Co. Ltd.
- The Aquify® Multi-Purpose Solution Manufactured by Ciba Vision®.

The EYE SEE™ Multipurpose Contact Lens Solution meets the guidelines set forth in FDA’s May 1, 1997 Guidance for Industry; Premarket Notification 510(k) Guidance Document for Contact Lens Care Products.

Device Description:

The EYE SEE™ Multipurpose Contact Lens Solution is a sterile, isotonic, buffered, solution containing boric acid, sodium chloride, Hydroxypropyl Methylcellulose (HPMC) as a lubricant, poloxamer 407 as a surfactant, disodium edetate as chelating agent, purified water and preserved with polyhexanide.

The EYE SEE™ Multipurpose Contact Lens Solution is a clear, colorless solution packaged in plastic bottles with controlled dropper tips.
Intended Use:

The EYE SEE™ Multipurpose Contact Lens Solution is indicated for use in the daily cleaning, removal of protein deposits, rinsing, chemical (not heat) disinfection, and storage of soft (hydrophilic) contact lenses, as recommended by your eye care practitioner.

Pre-Clinical Performance Data:

Data to demonstrate all indications: daily cleaning, rinsing, chemical (not heat) disinfecting, and storage of soft (hydrophilic) contact lenses, of the EYE SEE™ Multipurpose, Contact Lens Solution can be referenced in Lapis Lazuli 510(k) K051104 which shows all results are satisfactory. Permission to reference 510(k) K051104 is included in this 510(k).

Chemistry Testing: Reference 510(k) K051104 for all of the following chemistry testing:

1. Solution Compatibility
2. Cleaning Effectiveness
3. Stability
4. Enzymatic Cleaning Studies

Microbial Testing: Microbiological studies were conducted to demonstrate the microbial efficacy of EYE SEE™ Multipurpose Contact Lens Solution for 10 Minute Express Disinfection. This testing concluded that the product met primary stand-alone criteria.

Preservative Effectiveness with Re-challenge was conducted and met requirements for the Preservative Efficacy Test for Multi-Dos Preserved Contact Lens Care Products. This data can be referenced in 510(k) K051104.

Toxicology Testing: A series of Toxicology studies were conducted to demonstrate the safety of EYE SEE™ Multipurpose Contact Lens Solution and to demonstrate the safety of the packaging system. Results of the testing demonstrated that EYE SEE™ Multipurpose Contact Lens Solution is non-toxic and is a non-irritant. Reference 510(k) K051104

Clinical Study:

A clinical study has been conducted, and results of this study can be referenced in the previously cleared 510(k) K051104.
Substantial Equivalence:

The EYE SEE™ Multipurpose, Contact Lens Solution is substantially equivalent in terms of its actions and indications for use to the following predicate devices:

- The EYE SEE™ Multipurpose, Contact Lens Solution Manufactured by Lapis Lazuli International NV Co. Ltd.
- The Aquify® Multi-Purpose Solution Manufactured by Ciba Vision®.

JUL 24 2007

Re: K070767
Trade/Device Name: EYE SEE™ Multipurpose Contact Lens Solution
Regulation Number: 21 CFR 886.5928
Regulation Name: Soft (hydrophilic) contact lens care products
Regulatory Class: Class II
Product Code: LPN
Dated: July 5, 2007
Received: July 12, 2007

Dear Mr. Dalsing:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

Please be advised that FDA’s issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act’s requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.
This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Center for Devices and Radiological Health’s (CDRH’s) Office of Compliance at (240) 276-0115. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21CFR Part 807.97). For questions regarding postmarket surveillance, please contact CDRH’s Office of Surveillance and Biometric’s (OSB’s) Division of Postmarket Surveillance at 240-276-3474. For questions regarding the reporting of device adverse events (Medical Device Reporting (MDR)), please contact the Division of Surveillance Systems at 240-276-3464. You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (240) 276-3150 or at its Internet address http://www.fda.gov/cdrh/industry/support/index.html.

Sincerely yours,

Malvin'a B. Eydelman, M.D.
