SUMMARY STATEMENT:

Predicate Products: TIDITM Facemask, Tidi Products, LLC: K092580
Spunguard Mask, Kimberly-Clark: K823078
3M Particulate Respirator and Surgical Mask Model 1870: K063023

Comparison of Intended Use:

This product is indicated for infection control practices in the health care industry.

When worn properly, The New Medical Mask is intended to protect both patient and wearer from the transfer of microorganisms, body fluids and particulate material.

Predicates:
TIDI Facemask - The TIDI Facemasks by Tidi Products, LLC, are surgical masks intended to be worn by operating room personnel during surgical procedures to protect both the surgical patient and the operating personnel from transfer of microorganisms, body fluids and particulate material.

Spunguard - The Spunguard mask is intended to protect both the patient and the wearer from transfer of microorganisms, body fluids, and particulate material.

3M Particulate Respirator and Surgical Mask Model 1870 - As a respirator, it is intended to help reduce wearer exposure to certain airborne particles including those generated by...
electrocautery, laser surgery, and other powered medical instruments. As a surgical mask, it is designed to be fluid resistant to splash and spatter of blood and other infectious materials.

H & H Research Company
Conclusion:

The New Medical Mask has the same intended use as the predicate devices. It has the same design and performance characteristics as the TIDI Facemask and presumably of any other mask that meets the Standard Specification, ASTM F 2100 and which followed the FDA Guidance - Surgical Mask Premarket Notification [510(k)] Submission; Guidance for Industry and FDA (3/5/05, 9/14/07) during development.
Mr. Jong Huang  
President

Re: K093179  
  Trade/Device Name: The New Medical Mask  
  Regulation Number: 21 CFR 878.4040  
  Regulation Name: Surgical Apparel  
  Regulatory Class: II  
  Product Code: FXX  
  Dated: June 9, 2010  
  Received: June 17, 2010

Dear Mr. Huang:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration. Please note: CDRH does not evaluate information related to contract liability warranties. We remind you, however, that device labeling must be truthful and not misleading.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.
Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); medical device reporting (reporting of medical device-related adverse events) (21 CFR 803); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please go to http://www.fda.gov/AboutFDA/CentersOffices/CDRH/CDRHOffices/ucm115809.htm for the Center for Devices and Radiological Health's (CDRH's) Office of Compliance. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21 CFR Part 807.97). For questions regarding the reporting of adverse events under the MDR regulation (21 CFR Part 803), please go to http://www.fda.gov/MedicalDevices/Safety/Reportaproblem/default.htm for the CDRH's Office of Surveillance and Biometrics/Division of Postmarket Surveillance.

You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 796-7100 or at its Internet address http://www.fda.gov/MedicalDevices/ResourcesforYou/Industry/default.htm.

Sincerely yours,
