Attention: Marie-Laure Papi
Associate Director, Worldwide Regulatory Affairs

Dear Ms. Papi:

Please refer to your supplemental new drug applications dated June 1, 2001, received June 1, 2001, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act for ZERIT® (stavudine) Capsules and Pediatric Oral Solution (POS).

We acknowledge receipt of your submissions dated August 1, 2002, September 13, 2001, November 30, 2001, and March 28, 2002.

These supplemental new drug applications provide for the use of ZERIT® (stavudine) in pediatric patients from birth to five weeks.

We have completed the review of these supplemental applications, as amended, and have concluded that adequate information has been presented to demonstrate that the drug products are safe and effective for use as recommended in the agreed upon labeling text. Accordingly, these supplemental applications are approved effective on the date of this letter.

The final printed labeling (FPL) must be identical to the submitted draft labeling (package insert submitted March 28, 2002, patient package insert submitted March 28, 2002).

Please submit the copies of final printed labeling (FPL) electronically to each application according to the guidance for industry titled *Providing Regulatory Submissions in Electronic Format - NDA* (January 1999). Alternatively, you may submit 20 paper copies of the FPL as soon as it is available but no more than 30 days after it is printed. Please individually mount ten of the copies on heavy-weight paper or similar material. For administrative purposes, these submissions should be designated "FPL for approved supplement NDA 20-412/S-016, 20-413/S-007." Approval of these submissions by FDA is not required before the labeling is used.

In addition, please submit three copies of the introductory promotional materials that you propose to use for these products. All proposed materials should be submitted in draft or mock-up form, not final print. Please submit one copy to this Division and two copies of both the promotional materials and the package inserts directly to:
