Dear Mrs. Benson:

Please refer to your supplemental new drug application dated August 6, 2003, received August 6, 2003, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act for ISOVUE MultiPack® - Pharmacy Bulk Package.

We acknowledge receipt of your submissions dated August 6, 2003.

This supplemental new drug application provides chemistry, manufacturing and controls documentation to support extending the labeled use time from 4 hours to 10 hours.

We completed our review of this application, as amended. This application is approved, effective on the date of this letter, for use as recommended in the agreed-upon labeling text.

The final printed labeling (FPL) must be identical to the submitted labeling (package insert submitted August 6, 2003, and immediate container and carton labels submitted August 6, 2003).

Please submit the FPL electronically according to the guidance for industry titled Providing Regulatory Submissions in Electronic Format – NDA. Alternatively, you may submit 20 paper copies of the FPL as soon as it is available, in no case more than 30 days after it is printed. Please individually mount 15 of the copies on heavy-weight paper or similar material. For administrative purposes, this submission should be designated "FPL for approved supplement NDA 20-327/SCS-004." Approval of this submission by FDA is not required before the labeling is used.

If you issue a letter communicating important information about this drug product (i.e., a “Dear Health Care Professional” letter), we request that you submit a copy of the letter to this NDA and a copy to the following address:

MEDWATCH, HFD-410
FDA
5600 Fishers Lane
Rockville, MD 20857
We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

If you have any questions, call Renee C. Tyson, Regulatory Project Manager, at (301) 827-7510.

Sincerely,

{See appended electronic signature page}
