Dear Sir:

This is in reference to your abbreviated new drug application (ANDA) dated June 18, 2002, submitted pursuant to Section 505(j) of the Federal Food, Drug, and Cosmetic Act (the Act), for Ciclopirox Olamine Cream USP, 0.77%.

Reference is also made to your amendments dated January 22 and March 12, 2003; and February 13, April 20, June 8, August 23, September 21, September 24, and December 13, 2004.

We have completed the review of this abbreviated application and have concluded that the drug is safe and effective for use as recommended in the submitted labeling. Accordingly the application is approved. The Division of Bioequivalence has determined your Ciclopirox Olamine Cream USP, 0.77%, to be bioequivalent and, therefore, therapeutically equivalent to the listed drug (Loprox Cream, 0.77%, of Medicis Pharmaceutical Corp.).

Under Section 506A of the Act, certain changes in the conditions described in this abbreviated application require an approved supplemental application before the change may be made.

Post-marketing reporting requirements for this abbreviated application are set forth in 21 CFR 314.80-81 and 314.98. The Office of Generic Drugs should be advised of any change in the marketing status of this drug.

Promotional materials may be submitted to FDA for comment prior to publication or dissemination. Please note that these submissions are voluntary. If you desire comments on proposed launch promotional materials with respect to compliance with applicable regulatory requirements, we recommend you submit, in

draft or mock-up form, two copies of both the promotional materials and package insert(s) directly to:

Food and Drug Administration
Division of Drug Marketing, Advertising, and Communications, HFD-42
