This supplemental new drug application provides for inclusion of language relative to CNS hemorrhage in pediatric patients with primary brain tumors. Also, new language was provided for the option of dissolving IRESSA tablets in water for patients unable to swallow solids.

Please submit the FPL electronically according to the guidance for industry titled Providing Regulatory Submissions in Electronic Format – NDA. Alternatively, you may submit 20 paper copies of the FPL as soon as it is available, in no case more than 30 days after it is printed.
