

DEPARTMENT OF HEALTH & HUMAN SERVICES

ANDA 77-673

Food and Drug Administration
Rockville MD 20857

JUN 24 2005

Aurobindo Pharma Limited Inc.
Attention: Prasada Kambham
U.S. Agent for: Aurobindo Pharma Limited
666 Plainsboro Road, Suite 210
Plainsboro, NJ 08536

Dear Sir:

This is in reference to your abbreviated new drug application (ANDA) dated March 29, 2005, submitted pursuant to Section 505(j) of the Federal Food, Drug, and Cosmetic Act (the Act), for Efavirenz Tablets, 600 mg.

Reference is also made to your amendments dated May 23, and May 25, 2005.

This ANDA was reviewed under the expedited review provisions of the President's Emergency Plan for AIDS Relief (PEPFAR).

We have completed the review of this abbreviated application, and based upon the information you have presented to date we have concluded that the drug is safe and effective for use as recommended in the submitted labeling. However, we are unable to grant final approval to your application at this time because of the patent issues noted below. Therefore, the application is **tentatively approved**. This determination is based upon information available to the agency at this time, (i.e., information in your application and the status of current good manufacturing practices (cGMPs) of the facilities used in the manufacture and testing of the drug product). This determination is subject to change on the basis of new information that may come to our attention.

The reference listed drug product (RLD) upon which you have based your application, Sustiva Tablets, 600 mg, of Bristol Myers Squibb Co., is currently subject to periods of patent protection. The following patents with their expiration dates are currently listed in the agency's publication entitled Approved Drug Products with Therapeutic Equivalence Evaluations, the "Orange Book":

<u>U.S. Patent No.</u>		<u>Expiration Date</u>
6,639,071	(the '071 patent)	February 14, 2018
5,811,423	(the '423 patent)	August 7, 2012
5,663,169	(the '169 patent)	September 2, 2014
5,519,021	(the '021 patent)	May 21, 2013

Your application contains paragraph III certifications to the '071, '423, '169 and '021 patents under Section 505(j)(2)(A)(vii)(III) of the Act. This certification states that Aurobindo Pharma Limited (Aurobindo) will not market Efavirenz Tablets, 600 mg, under this ANDA prior to the expiration of each of the '071, '423, '169 and '021 patents. Therefore, final approval of your application may not be made effective pursuant to 21 U.S.C. 355(j)(5)(B)(ii) of the Act until the '071, '423, '169 and '021 patents have expired, i.e., February 14, 2018.

In order to reactivate your application prior to final approval, please submit a "MINOR AMENDMENT - FINAL APPROVAL REQUESTED" 90 days prior to the date you believe that your application will be eligible for final approval. This amendment should provide the legal/regulatory basis for your request for final approval, and it should also identify changes, if any, in the conditions under which the product was tentatively approved, i.e., updated information such as final-printed labeling, chemistry, manufacturing, and controls data as appropriate. This amendment should be submitted even if none of these changes were made. This amendment should be designated clearly in your cover letter as a "MINOR AMENDMENT - FINAL APPROVAL REQUESTED".

In addition to the amendment requested above, the agency may request at any time prior to the date of final approval that you submit an additional amendment containing the requested information. Failure to submit either or, if requested, both amendments may result in rescission of the tentative approval status of your application, or may result in a delay in the issuance of the final approval letter.

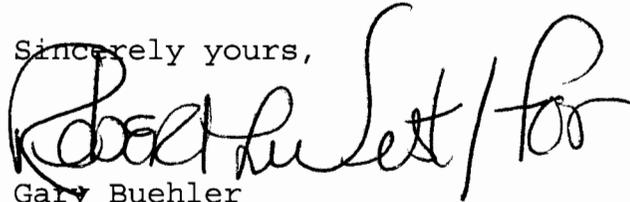

Any significant changes in the conditions outlined in this abbreviated application as well as changes in the status of the manufacturing and testing facilities' compliance with current good manufacturing practices (CGMPs) are subject to agency review before final approval of the application will be made. Such changes should be submitted as an amendment to the ANDA and categorized as representing either "major" or "minor" changes. The amendment will be reviewed according to OGD policy in effect

at the time of receipt. Your submission of multiple amendments prior to final approval may also lead to a delay in the issuance of the final approval letter.

Please note that this drug product may not be marketed without final agency approval under Section 505 of the Act. The introduction or delivery for introduction into interstate commerce of this drug product before the final approval date is prohibited under Section 501 of the Act and 21 U.S.C. 331(d). Also, until the agency issues the final approval letter, this drug product will not be deemed approved for marketing under 21 U.S.C. 355 and will not be listed in the "Orange Book". Should you believe that there are grounds for issuing the final approval letter prior to February 14, 2018, you should amend your application accordingly.

For further information on the status of this application or upon submitting an amendment to the application, please contact Ted Palat, Project Manager, at 301-827-5849.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Gary Buehler" with a stylized flourish at the end.
