Dear Dr. Tammara:

This “Prior Approval” supplemental new drug application provides for changes in the labeling as follows:

- **CLINICAL PHARMACOLOGY, Drug Interactions, Cyclosporine:** to describe the increase in AUC of cyclosporine when given concomitantly with ezetimibe.
- **PRECAUTIONS, Drug Interactions, Cyclosporine:** to state that cyclosporine concentrations should be monitored in patients receiving VYTORIN and cyclosporine.

We completed our review of this application and it is approved, effective on the date of this letter, for use as recommended in the agreed-upon labeling text.

The final printed labeling (FPL) must be identical to the enclosed labeling (text for the package inset).

Please submit an electronic version of the FPL according to the guidance for industry titled *Providing Regulatory Submissions in Electronic Format - NDA*. For administrative purposes, designate this submission "FPL for approved supplement NDA 21-687/S-002." Approval of this submission by FDA is not required before the labeling is used.

If you issue a letter communicating important information about this drug product (i.e., a “Dear Health Care Professional” letter), we request that you submit a copy of the letter to this NDA and a copy to the following address:

MEDWATCH, HFD-410
FDA
5600 Fishers Lane
Rockville, MD 20857
We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

If you have any questions, call Valerie Jimenez, Regulatory Project Manager, at (301) 827-9090.

Sincerely,

{See appended electronic signature page}

David Orloff, M.D.
Director
Division of Metabolic and Endocrine Drug Products, HFD-510
Office of Drug Evaluation II
Center for Drug Evaluation and Research
