We acknowledge receipt of your submission dated July 21, 2005, which constituted a complete response to our April 29, 2005 action letter, and the major amendment dated December 1, 2005. Your submission also included language under **PRECAUTIONS** for Multi-organ Hypersensitivity Reaction and Hyperammonemia and Encephalopathy Associated with Concomitant Topiramate Use.

We have completed our review of these applications, as amended. These applications are approved, effective on the date of this letter, for use as recommended in the agreed-upon labeling text.

The final printed labeling (FPL) must be identical to the enclosed labeling (text for package insert). We request that the final printed labeling (FPL) submitted to NDA 21-168, Depakote ER tablets, reflect the combined labeling changes under S-009 and S-012.

Please submit an electronic version of the FPL according to the guidance for industry titled *Providing Regulatory Submissions in Electronic Format - NDA*. Alternatively, you may submit 20 paper copies of the FPL as soon as it is available but no more than 30 days after it is printed. Individually mount 15 of the copies on heavy-weight paper or similar material. For administrative purposes, designate these submissions "**FPL for approved supplement NDA 18-081/S-042, NDA 20-593/S-011, NDA 18-082/S-026, NDA 18-723/S-032, NDA 19-680/S-019, NDA 21-168/S-009.**" Approval of these submissions by FDA is not required before the labeling is used.

In addition, submit three copies of the introductory promotional materials that you propose to use for these products. Submit all proposed materials in draft or mock-up form, not final print. Send one copy to this Division and two copies of both the promotional materials and the package inserts directly to:
