Dear Dr. Edelberg:

Please refer to your supplemental new drug application dated June 28, 2006, received June 29, 2006 submitted under 505 (b) of the Federal Food, Drug, and Cosmetic Act for Ketek (telithromycin), 300 mg and 400 mg Tablets.

We also acknowledge your amendments dated June 27, 28, and 29, 2006.

This supplemental application provides for changes to the **CONTRAINDICATIONS, WARNINGS, PRECAUTIONS, ADVERSE REACTIONS** and **PATIENT PACKAGE INSERT** sections of the labeling.

We completed our review of this application, as amended. This application is approved, effective on the date of this letter, for use as recommended in the agreed-upon labeling text.

The final printed labeling (FPL) must be identical to the enclosed labeling (text for package insert) submitted June 29, 2006.

Please submit an electronic version of the FPL according to the guidance for industry titled *Providing Regulatory Submissions in Electronic Format - NDA*. Alternatively, you may submit 20 paper copies of the FPL as soon as it is available but no more than 30 days after it is printed. Individually mount 15 of the copies on heavy-weight paper or similar material. For administrative purposes, designate this submission "**FPL for approved supplement NDA 21-144/S-011**." Approval of this submission by FDA is not required before the labeling is used.

If you issue a letter communicating important information about this drug product (i.e., a "Dear Health Care Professional" letter), we request that you submit a copy of the letter to this NDA and a copy to the following address:

MEDWATCH, HFD-410
FDA

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).
