Dear Dr. Wolfe:

Please refer to your supplemental new drug application dated October 3, 2005, received October 6, 2005, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act for Children's Advil Cold (100 mg/5 ml ibuprofen and 15 mg/5 ml pseudoephedrine) suspension.

We also acknowledge receipt of your submission dated February 17, 2006.

This supplemental new drug application provides for revisions to the Drug Facts label and Principal Display Panel for the Children's Advil Cold 4 oz package size in response to the June 14 and July 15, 2005 supplement request letters.

We have completed our review of this application, as amended. This application is approved for the 4 oz package size, effective on the date of this letter, for use as recommended in the agreed-upon labeling text.

The final printed labeling (FPL) must be identical to the submitted labeling (4 oz carton and immediate container labels submitted February 17, 2006), and must be formatted in accordance with the requirements of 21 CFR 201.66.

Please submit an electronic version of the FPL according to the guidance for industry titled *Providing Regulatory Submissions in Electronic Format - NDA*. Alternatively, you may submit 20 paper copies of the FPL as soon as it is available but no more than 30 days after it is printed. Individually mount 15 of the copies on heavy-weight paper or similar material. For administrative purposes, designate this submission "**FPL for approved supplement NDA 21-373/S-005**". Approval of this submission by FDA is not required before the labeling is used.

If you issue a letter communicating important information about this drug product (i.e., a "Dear Health Care Professional" letter), we request that you submit a copy of the letter to this NDA and a copy to the following address:
