Dear Ms. Grieve:

Please refer to your supplemental new drug application dated August 7, 2006, received August 8, 2006, submitted pursuant to section 505(b) of the Federal Food, Drug, and Cosmetic Act for Anthelios SX (2% avobenzone, 2% ecamsule, and 10% octocrylene) cream.

We acknowledge receipt of your submission dated November 6, 2006.

This supplemental application provides for an additional trade name, UV ACTIV, and associated labeling for the product.

We have completed our review of this supplemental application, as amended. This application is approved, effective on the date of this letter, for use as recommended in the agreed-upon labeling text.

The final printed labeling (FPL) must be identical to the submitted labeling (carton and tube labels for 100 g /3.4 oz. package size submitted November 6, 2006), and must be formatted in accordance with the requirements of 21 CFR 201.66.

Please submit an electronic version of the FPL according to the guidance for industry titled *Providing Regulatory Submissions in Electronic Format - NDA*. Alternatively, you may submit 20 paper copies of the FPL as soon as it is available but no more than 30 days after it is printed. Individually mount 15 of the copies on heavy-weight paper or similar material. For administrative purposes, designate these submissions "**FPL for approved NDA 21-502/S-001.**" Approval of this submission by FDA is not required before the labeling is used.

If you issue a letter communicating important information about this drug product (i.e., a "Dear Health Care Professional" letter), we request that you submit a copy of the letter to this NDA and a copy to the following address:
