Dear Ms. Noa:

Please refer to your supplemental new drug application dated August 31, 2004, received September 2, 2004, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act for Keppra (levetiracetam) tablets and oral solution.

These supplemental new drug applications provide for revisions to the Mechanism of Action, Pharmacokinetics, and Drug Interaction sections.

We have completed our review of these applications, as amended. These applications are approved, effective on the date of this letter, for use as recommended in the agreed-upon labeling text.

The final printed labeling (FPL) must be identical to the submitted labeling (package insert dated June 29, 2005), but must include the following two revisions (in red) as agreed in our January 20, 2006 telephone conversation with you:

1. **CLINICAL PHARMACOLOGY**
   **Mechanism Of Action**
   The precise mechanism(s) by which levetiracetam exerts its antiepileptic effect is unknown.

2. **Pharmacokinetics**
   **Overview**
   …Levetiracetam is not **significantly** protein-bound (<10% bound) and its volume of distribution is close to the volume of intracellular and extracellular water...

Please submit an electronic version of the FPL according to the guidance for industry titled *Providing Regulatory Submissions in Electronic Format - NDA*. Alternatively, you may submit 20 paper copies of the FPL as soon as it is available but no more than 30 days after it is printed. Individually mount 15 of the copies on heavy-weight paper or similar material. For administrative purposes, designate this submission "**FPL for approved supplement NDA 21-035/S-038 and NDA 21-505/S-006.**" Approval of this submission by FDA is not required before the labeling is used.
If you issue a letter communicating important information about this drug product (i.e., a “Dear Health Care Professional” letter), we request that you submit a copy of the letter to this NDA and a copy to the following address:

MEDWATCH  
Food and Drug Administration  
WO 22, Room 4447  
10903 New Hampshire Avenue
