Dear Mr. Carrado:

We acknowledge receipt of your supplemental new drug application dated April 16, 2007, received April 17, 2007, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act for Adderall (mixed salts of a single-entity amphetamine product) Tablets.

Reference is also made to an Agency letter dated February 21, 2006 and March 19, 2007 (electronic communication), requesting Medication Guides for all CNS stimulant products to treat Attention-Deficit Hyperactivity Disorder (ADHD).

Your April 16, 2007 submission provides for a response to our February 21, 2006 and March 19, 2007 (electronic communication) action letter.

This supplement, submitted under "Changes Being Effected", provides for revisions to the "**PRECAUTIONS-Information for Patients**," section, a revised package insert incorporating the new Medication Guide in place of the patient information leaflet, and revised container labeling for each strength of Adderall instructing the authorized dispenser to provide a Medication Guide to each patient that receives a prescription for the product.

We have completed our review of this application and it is approved, effective on the date of this letter, for use as recommended in the enclosed labeling text.

If you issue a letter communicating important information about this drug product (i.e., a "Dear Health Care Professional" letter), we request that you submit a copy of the letter to this NDA and a copy to the following address:
