Dear Dr. Watts:

Please refer to your supplemental new drug application dated and received April 25, 2007, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act for LEXIVA® (fosamprenavir calcium, FPV) Oral Tablets.

We acknowledge receipt of your submissions dated May 30, 2007 and received May 31, 2007.

This “Changes Being Effected” supplemental new drug application updates section “7 DRUG INTERACTIONS, 7.3 Established and Other Potentially Significant Drug Interactions, Table 6” of the LEXIVA labeling to reflect the drug-drug interaction of fosamprenavir/ritonavir and paroxetine consistent with the approved labeling for paroxetine (PAXIL).

We completed our review of this application, as amended. This application is approved, effective on the date of this letter, for use as recommended in the attached agreed-upon labeling text.

Within 21 days of the date of this letter, submit content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format, as described at http://www.fda.gov/oc/datacouncil/spl.html, that is identical in content to the enclosed labeling. Upon receipt, we will transmit that version to the National Library of Medicine for public dissemination. For administrative purposes, please designate this submission “SPL for approved NDA 21-548.”

The final printed labeling (FPL) must be identical to the enclosed labeling (text for the package insert and text for the patient package insert.)

If you issue a letter communicating important information about this drug product (i.e., a “Dear Health Care Professional” letter), we request that you submit a copy of the letter to this NDA and a copy to the following address:
