Dear Dr. Walter:

Please refer to your supplemental new drug application dated and received July 21, 2006, pursuant to section 505(b)(2) of the Federal Food, Drug, and Cosmetic Act for Tindamax® (tinidazole tablets), 250 mg and 500 mg.

We acknowledge receipt of your submissions dated:

- August 11, 2006
- August 24, 2006
- August 25, 2006
- September 26, 2006
- September 27, 2006
- September 28, 2006
- October 6, 2006
- October 24, 2006
- November 28, 2006
- February 23, 2007
- March 6, 2007
- May 15, 2007

This supplemental new drug application provides for the use of Tindamax® for the treatment of bacterial vaginosis in non-pregnant females.

We completed our review of this application as amended, and it is approved effective on the date of this letter, for use as recommended in the agreed-upon labeling text.

The final printed labeling (FPL) must be identical to the enclosed labeling (text for the package insert, immediate container and carton labels). Marketing of the product with FPL that is not identical to the approved labeling text may render the product misbranded and an unapproved drug.

Within 21 days of the date of this letter, submit of labeling [21CFR 314.50(1) in structured product labeling (SPL) format as described at http://www.fda.gov/oc/datacouncil/spl.html that is identical in content to the enclosed labeling text. Upon receipt, we will transmit that version to the National Library of Medicine for public dissemination. For administrative purposes, please designate this submission “SPL for approved supplement NDA 21-618/S-003.”
All applications for new active ingredients, new dosage forms, new indications, new routes of administration, and new dosing regimens are required to contain an assessment of the safety and effectiveness of the product in pediatric patients unless this requirement is waived or deferred. We note that you have fulfilled the pediatric study requirement for the treatment of bacterial vaginosis in post-menarchal female patients. We are waiving the pediatric study requirement for the treatment of bacterial vaginosis in pre-menarchal female patients.

In addition, submit three copies of the introductory promotional materials that you propose to use for this product. Submit all proposed materials in draft or mock-up form, not final print. Send one copy to the Division of Special Pathogen and Transplant Products and two copies of both the promotional materials and the package insert directly to:

Food and Drug Administration  
Center for Drug Evaluation and Research  
Division of Drug Marketing, Advertising, and Communications  
5901-B Ammendale Road  
Beltsville, MD 20705-1266

If you issue a letter communicating important information about this drug product (i.e., a “Dear Health Care Professional” letter), we request that you submit a copy of the letter to this NDA and a copy to the following address:

MEDWATCH  
Food and Drug Administration  
5515 Security Lane  
HFD-001, Suite 5100  
Rockville, MD 20852

Please submit one market package of the drug product when it is available.

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

If you have any question, please call Christina H. Chi, Ph.D., Regulatory Health Project Manager, at (301) 796-0695.

Sincerely,

{See appended electronic signature page}

Renata Albrecht, M.D.  
Division Director  
Division of Special Pathogen and Transplant Products  
Office of Antimicrobial Products  
Center for Drug Evaluation and Research

Enclosure: Package insert, immediate container & carton labels
This is a representation of an electronic record that was signed electronically and this page is the manifestation of the electronic signature.
