Food and Drug Administration
Rockville, MD 20857

ANDA 78-368

PharmaForce, Inc.
Attention: Marilyn Friedly
Director, Regulatory Affairs
960 Crupper Avenue
Columbus, OH 43229

Dear Madam:

This is in reference to your abbreviated new drug application (ANDA) dated June 17, 2006, submitted pursuant to section 505(j) of the Federal Food, Drug, and Cosmetic Act (the Act), for Fomepizole Injection, 1 g/mL, packaged in 1.5 mL single use vials.

Reference is also made to your amendment dated November 11, November 24, and December 21, 2006; and January 25, August 10, October 18, and November 28, 2007.

We have completed the review of this abbreviated application and have concluded that adequate information has been presented to demonstrate that the drug is safe and effective for use as recommended in the submitted labeling. Accordingly the ANDA is approved, effective on the date of this letter. The Division of Bioequivalence has determined your Fomepizole Injection, 1 g/mL, packaged in 1.5 mL vials, to be bioequivalent and, therefore, therapeutically equivalent to the reference listed drug, Antizol (Fomepizole) Injection, of Jazz Pharmaceuticals, Inc.

Under section 506A of the Act, certain changes in the conditions described in this ANDA require an approved supplemental application before the change may be made.

Postmarketing reporting requirements for this ANDA are set forth in 21 CFR 314.80-81 and 314.98. The Office of Generic Drugs should be advised of any change in the marketing status of this drug.

Promotional materials may be submitted to FDA for comment prior to publication or dissemination. Please note that these submissions are voluntary. If you desire comments on proposed launch promotional materials with respect to compliance with applicable regulatory requirements, we recommend you submit, in draft or mock-up form, two copies of both the promotional materials and package insert(s) directly to:

Food and Drug Administration
Center for Drug Evaluation and Research
Division of Drug Marketing, Advertising, and Communications
5901-B Ammendale Road
Beltsville, MD 20705

We call your attention to 21 CFR 314.81(b)(3) which requires that all promotional materials be submitted to the Division of Drug Marketing, Advertising, and Communications with a completed Form FDA 2253 at the time of their initial use.

Sincerely yours,

{See appended electronic signature page}

Gary Buehler
Director
Office of Generic Drugs
Center for Drug Evaluation and Research
