Dear Dr. Mallikaarjun:

Please refer to your August 28, 2007 supplemental new drug application submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act for Abilify (aripiprazole) 2, 5, 10, 15, 20, and 30 mg Tablets.

Please also refer to your September 6, 2007 letters to the Abilify Discmelt Orally Disintegrating Tablets, Abilify Oral Solution, and Abilify Injection applications. These prior approval labeling supplements incorporated the NDA 21-436, S-021 submission into each respective application.

These supplemental new drug applications provide for the use of Abilify for the treatment of acute manic or mixed episodes associated with Bipolar I Disorder in pediatric patients aged 10 to 17 years.

We have completed our review of these applications, as amended. These applications are approved, effective on the date of this letter, for use as recommended in the agreed-upon labeling text.

The final printed labeling (FPL) must be identical to the enclosed labeling (text for the package insert, text for the patient package insert).

Within 21 days of the date of this letter, submit content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format, as described at http://www.fda.gov/oc/datacouncil/spl.html, that is identical in content to the enclosed labeling text. Upon receipt, we will transmit that version to the National Library of Medicine for public dissemination. For administrative purposes, please designate this submission “SPL for approved supplement NDA 21-436/S-021, NDA 21-713 S-016, NDA 21-729 S-008, NDA 21-866 S-008.”
