

ANDA 65-454

IVAX Pharmaceuticals, Inc.
An indirect, wholly owned subsidiary of Teva Pharmaceuticals USA
Attention: Patricia Jaworski,
Sr. Director, Regulatory Affairs
Two University Plaza
Suite 220
Hackensack, NJ 07601

Dear Madam:

This is in reference to your abbreviated new drug application (ANDA) dated December 18, 2006, submitted pursuant to section 505(j) of the Federal Food, Drug, and Cosmetic Act (the Act), for Doxycycline for Oral Suspension USP, 25 mg (base)/5 mL. We note that this product is subject to the exception provisions of section 125(d)(2) of Title I of the Food and Drug Administration Modernization Act of 1997.

Reference is also made to your amendments dated June 29, October 30, December 4, and December 18, 2007; and January 29, February 12, February 21, June 30, and July 16, 2008.

We have completed the review of this ANDA and have concluded that adequate information has been presented to demonstrate that the drug is safe and effective for use as recommended in the submitted labeling. Accordingly the ANDA is approved, effective on the date of this letter. The Division of Bioequivalence has determined your Doxycycline for Oral Suspension USP, 25 mg (base)/5 mL to be bioequivalent and, therefore, therapeutically equivalent to the reference listed drug, Vibramycin® for Oral Suspension, 25 mg(base)/5 mL, of Pfizer, Inc. Your dissolution testing should be incorporated into the stability and quality control program using the same method proposed in your application.

Under section 506A of the Act, certain changes in the conditions described in this ANDA require an approved supplemental application before the change may be made.

Postmarketing reporting requirements for this ANDA are set forth in 21 CFR 314.80-81 and 314.98. The Office of Generic Drugs should be advised of any change in the marketing status of this drug.

Promotional materials may be submitted to FDA for comment prior to publication or dissemination. Please note that these submissions are voluntary. If you desire comments on proposed launch promotional materials with respect to compliance with applicable regulatory requirements, we recommend you submit, in draft or mock-up form, two copies of both the promotional materials and package insert(s) directly to:

Food and Drug Administration
Center for Drug Evaluation and Research
Division of Drug Marketing, Advertising, and Communications
5901-B Ammendale Road
Beltsville, MD 20705

We call your attention to 21 CFR 314.81(b)(3) which requires that all promotional materials be submitted to the Division of Drug Marketing, Advertising, and Communications with a completed Form FDA 2253 at the time of their initial use.

Sincerely yours,
