NDA 20-602/S-009

McNeil Consumer Healthcare
Attention: John F. Hauser
Associate Director, Global Regulatory Affairs
7050 Camp Hill Road
Fort Washington, PA 19034

Dear Mr. Hauser:

Please refer to your supplemental new drug application dated October 28, 2008, received October 29, 2008, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act for Junior Strength Motrin (100 mg ibuprofen) tablets.

We acknowledge receipt of your correspondence dated April 3, 2009 stating that no revisions were made to the previously approved 24-count immediate container label.

This supplemental new drug application (NDA) provides for the revised cardiovascular warning statement "When using this product the risk of heart attack or stroke may increase if you use more than directed or for longer than directed" and the addition of the warning statement "Ask a doctor before use if you have asthma" to the Drug Facts label in response to the September 19, 2008 supplemental labeling request letters.

We have completed our review of this application. This application is approved for the Junior Strength Motrin 24-count package size, effective on the date of this letter, for use as recommended in the agreed-upon labeling text.

Submit final printed labeling, as soon as they are available, but no more than 30 days after they are printed. The final printed labeling (FPL) must be identical to the enclosed label (24-count carton label submitted October 28, 2008), and must be in the "Drug Facts" format (21 CFR 201.66), where applicable.

The final printed labeling should be submitted electronically according to the guidance for industry titled *Providing Regulatory Submissions in Electronic Format – Human Pharmaceutical Product Applications and Related Submissions Using the eCTD Specifications (October 2005)*. Alternatively, you may submit 12 paper copies, with 6 of the copies individually mounted on heavy-weight paper or similar material. For administrative purposes, designate this submission "**Final Printed Labeling for approved NDA 20-602/S-009.**" Approval of this submission by FDA is not required before the labeling is used.

If you issue a letter communicating important safety related information about this drug product (i.e., a "Dear Health Care Professional" letter), we request that you submit an electronic copy of the letter to both this NDA and to the following address:
