Attention: Fran Carleton  
General Manager  
One Little River Road  
Kingston, NH 03484

Dear Ms. Carleton:

Please refer to your new drug application (NDA) dated October 1, 2007, received October 4, 2007, submitted pursuant to section 505(b)(2) of the Federal Food, Drug, and Cosmetic Act for MembraneBlue 0.15% (trypan blue ophthalmic solution).

We acknowledge receipt of your submissions dated July 28, and August 18, 2008, and January 30 and February 12, 2009.

The August 18, 2008, submission constituted a complete response to our August 4, 2008, action letter.

This new drug application provides for the use of MembraneBlue 0.15% (trypan blue ophthalmic solution) for use as an aid in ophthalmic surgery by staining the epiretinal membranes during ophthalmic surgical vitrectomy procedures, facilitating removal of the tissue.

We have completed our review of this application, as amended. It is approved, effective on the date of this letter, for use as recommended in the content of labeling (text for package insert) [21 CFR 314.50(1)] in structured product labeling (SPL) format submitted on January 30, 2009.

We acknowledge your February 12, 2009, submission containing final printed carton and container labels.

Please submit final printed carton and container labels that are identical to the enclosed carton and immediate container labels as soon as they are available, but no more than 30 days after they are printed. Please submit these labels electronically according to the guidance for industry titled *Providing Regulatory Submissions in Electronic Format – Human Pharmaceutical Product Applications and Related Submissions Using the eCTD Specifications (October 2005)*.

Alternatively, you may submit 12 paper copies, with 6 of the copies individually mounted on heavy-weight paper or similar material. For administrative purposes, designate this submission **“Final Printed Carton and Container Labels for approved NDA 22-278.”** Approval of this submission by FDA is not required before the labeling is used.

Marketing the product(s) with FPL that is not identical to the approved labeling text may render the product misbranded and an unapproved new drug.

You may request advisory comments on proposed introductory advertising and promotional labeling. To do so, submit in triplicate, a cover letter requesting advisory comments, the proposed materials in draft or mock-up form with annotated references, and the package insert to:

Food and Drug Administration  
Center for Drug Evaluation and Research  
Division of Drug Marketing, Advertising, and Communications  
5901-B Ammendale Road  
Beltsville, MD 20705-1266

As required under 21 CFR 314.81(b)(3)(i), you must submit final promotional materials, and the package insert(s), at the time of initial dissemination or publication, accompanied by a Form FDA 2253. For instruction on completing the Form FDA 2253, see page 2 of the Form. For more information about submission of promotional materials to the Division of Drug Marketing, Advertising, and Communications (DDMAC), see [www.fda.gov/cder/ddmac](http://www.fda.gov/cder/ddmac).

Please submit one market package of the drug product when it is available.

If you issue a letter communicating important safety related information about this drug product (i.e., a “Dear Health Care Professional” letter), we request that you submit an electronic copy of the letter to both this NDA and to the following address:

MedWatch  
Food and Drug Administration  
Suite 12B05

Sincerely,
