Dear Ms. Robinett:

Please refer to your Supplemental New Drug Application (sNDA), dated and received September 17, 2009, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Uroxatral[®] (alfuzosin HCl) extended-release tablets.

We acknowledge receipt of your submissions dated November 18, 2009, and February 19, 2010.

This supplemental new drug application provides for changes to the **HIGHLIGHTS OF PRESCRIBING INFORMATION** section, **WARNINGS AND PRECAUTIONS** section, and the **DRUG INTERACTIONS** section of the Package Insert to describe the blood pressure lowering effects and potential occurrence of symptomatic hypotension that may result when Uroxatral[®] is administered concomitantly with PDE-5 inhibitor therapy.

We have completed our review of this application, as amended. It is approved, effective on the date of this letter, for use as recommended in the enclosed, agreed upon labeling text.

CONTENT OF LABELING

Please resubmit the enclosed content of labeling in SPL format as soon as possible, but no later than 14 days from the date of this letter. For administrative purposes, please designate this submission, "**SPL for approved NDA 021287/S-014.**"

Marketing the product with FPL that is not identical to the approved labeling text may render the product misbranded and an unapproved new drug.
