

NDA 017962/S-065

NDA 017962/S-068

SUPPLEMENT APPROVAL

Novartis Pharmaceuticals Corporation
Attention: Raffy H. Chilingerian, DMH, MS, BBA, CCRA
RBRM
Drug Regulatory Affairs
Bldg 404/420
One Health Plaza
East Hanover, NJ 07636-1080

Dear Dr. Chilingerian:

Please refer to your supplemental new drug applications (sNDAs) dated March 31, 2006, and October 22, 2009, received April 3, 2006, and October 22, 2009, respectively and submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Parlodel[®] SnapTabs[®] (bromocriptine mesylate) tablets, USP and (bromocriptine mesylate) capsules, USP.

We acknowledge receipt of your amendments submitted July 28 and October 10, 2006, April 18, 2007, October 22, 2009, October 27, 2010, March 21, June 2, and November 28, 2011.

These "Changes Being Effected" and "Prior Approval" supplements provide for additional and/or strengthened safety information and revisions to the Parlodel package insert, including class labeling language regarding melanoma and compulsive behavior.

We have completed our review of these supplemental applications, as amended. They are approved, effective on the date of this letter, for use as recommended in the enclosed, agreed-upon labeling text.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, submit the content of labeling [21 CFR 314.50(1)] in structured product labeling (SPL) format using the FDA automated drug registration and listing system (eLIST), as described at <http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>. Content of labeling must be identical to the enclosed labeling (text for the package insert, text for the patient package insert), with the addition of any labeling changes in pending "Changes Being

Effected” (CBE) supplements, as well as annual reportable changes not included in the enclosed labeling.

Information on submitting SPL files using eLIST may be found in the guidance for industry titled “SPL Standard for Content of Labeling Technical Qs and As” at <http://www.fda.gov/downloads/DrugsGuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf>.

The SPL will be accessible from publicly available labeling repositories.

Also within 14 days, amend all pending supplemental applications for this NDA, including CBE supplements for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 314.50(l)(1)(i)] in MS Word format, that includes the changes approved in this supplemental application, as well as annual reportable changes and annotate each change. To facilitate review of your submission, provide a highlighted or marked-up copy that shows all changes, as well as a clean Microsoft Word version. The marked-up copy should provide appropriate annotations, including supplement number(s) and annual report date(s).

REQUIRED PEDIATRIC ASSESSMENTS

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients, new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication(s) in pediatric patients unless this requirement is waived, deferred, or inapplicable.

Because none of these criteria apply to your application, you are exempt from this requirement.

PROMOTIONAL MATERIALS

All promotional materials that include representations about your drug product must be promptly revised to be consistent with the labeling changes approved in this supplement, including any new safety information [21 CFR 314.70(a)(4)]. The revisions in your promotional materials should include prominent disclosure of the important new safety information that appears in the revised package labeling. Within 7 days of receipt of this letter, submit your statement of intent to comply with 21 CFR 314.70(a)(4) to the address above or by fax to 301-847-8444.

REPORTING REQUIREMENTS

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

If you have any questions, call Kim Shiley, R.N., B.S.N., Regulatory Health Project Manager, at (301) 796-2117.

Sincerely,

{See appended electronic signature page}
