Attention: Mary-Anne D'Esposito, M.S.  
Director  
(U.S. Agent for Dexcel Pharma Technologies, Ltd.)  
1600 Stewart Avenue  
Westbury, NY 11590

Dear Ms. D'Esposito:

Please refer to your Supplemental New Drug Application (sNDA) dated March 9, 2012, received March 12, 2012, submitted pursuant to section 505(b)(2) of the Federal Food, Drug, and Cosmetic Act (FDCA) for omeprazole delayed-release tablets, 20 mg.

We acknowledge receipt of your amendment dated May 25, 2012.

This "Changes Being Effected" supplemental new drug application proposes the following change to the Warnings section of the "Drug Facts" label:

Following the subheading "**Stop use and ask a doctor if,**" add a bullet that reads

- you get diarrhea

We have completed our review of this application, as amended. It is approved, effective on the date of this letter, for use as recommended in the agreed-upon labeling text and with a minor editorial revision. In your email communication to a representative of the DNCE on August 15, 2012, Dexcel Pharma Technologies, Ltd. committed to implement the following minor editorial revision at the next printing or no later than January 17, 2013:

Revise the proposed warning under Drug Facts so that the "[bullet] you get diarrhea" becomes the fourth-bulleted statement under the subheading "**Stop use and ask a doctor if.**"

**LABELING**

Submit final printed labeling, with the revisions listed above, as soon as they are available, but no more than 30 days after they are printed. The final printed labeling (FPL) must be identical to the 14-count immediate container (bottle) label; 14-, 28-, and 42-count carton labels for bottle packaging configurations; the 14-count immediate container (blister) label; and the 14-count

inner carton and 14-, 28-, and 42-count outer carton labels for blister packaging configurations submitted on May 25, 2012, and must be in the “Drug Facts” format (21 CFR 201.66), where applicable.

The final printed labeling should be submitted electronically according to the guidance for industry titled “Providing Regulatory Submissions in Electronic Format – Human Pharmaceutical Product Applications and Related Submissions Using the eCTD Specifications (June 2008).” Alternatively, you may submit 12 paper copies, with 6 of the copies individually mounted on heavy-weight paper or similar material. For administrative purposes, designate this submission “**Final Printed Labeling for approved NDA 022032/S-019.**” Approval of this submission by FDA is not required before the labeling is used.

### **DRUG REGISTRATION AND LISTING**

All drug establishment registration and drug listing information is to be submitted to FDA electronically, via the FDA automated system for processing structured product labeling (SPL) files (eLIST). At the time that you submit your final printed labeling (FPL), the content of labeling (Drug Facts) should be submitted in SPL format as described at <http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>. Information on submitting SPL files using eLIST may be found in the guidance for industry titled “SPL Standard for Content of Labeling Technical Qs and As” at <http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf>. In addition, representative container or carton labeling, whichever includes Drug Facts, (where differences exist only in the quantity of contents statement) should be submitted as a JPG file.

### **REPORTING REQUIREMENTS**

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

If you have questions, call Jeff Buchanan, Regulatory Project Manager, at (301) 796-1007.
