Dear Mr. Brown:

Please refer to your Supplemental New Drug Application (sNDA) dated July 11, 2012, received July 17, 2012, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for chlorhexidine gluconate 4% surgical hand scrub.

We acknowledge receipt of your amendment dated October 2, 2012.

This “Changes Being Effected” supplemental new drug application provides for changes in the Drug Facts labeling to add directions for use in infants.

We have completed our review of this application, as amended. It is approved, effective on the date of this letter, for use as recommended in the agreed-upon labeling text.

### **LABELING**

Submit final printed labeling, as soon as they are available, but no more than 30 days after they are printed. The final printed labeling (FPL) for the Biomed Pre-Scrub™ drug product line must be identical to the following:

Labeling submitted July 16, 2012:

1. Secondary packaging that holds eight 30-count cartons

Labeling submitted October 2, 2012

3. 25-mL 30-count outer carton left side panel
4. 25-mL 30-count outer carton right side panel

This FPL must be in the “Drug Facts” format (21 CFR 201.66), where applicable. The final printed labeling should be submitted electronically according to the guidance for industry titled “Providing Regulatory Submissions in Electronic Format – Human Pharmaceutical Product Applications and Related Submissions Using the eCTD Specifications

(June 2008).” Alternatively, you may submit 12 paper copies, with 6 of the copies individually mounted on heavy-weight paper or similar material. For administrative purposes, designate this submission “**Final Printed Labeling for approved NDA -19822/S007.**” Approval of this submission by FDA is not required before the labeling is used.

### **DRUG REGISTRATION AND LISTING**

All drug establishment registration and drug listing information is to be submitted to FDA electronically, via the FDA automated system for processing structured product labeling (SPL) files (eLIST). At the time that you submit your final printed labeling (FPL), the content of labeling (Drug Facts) should be submitted in SPL format as described at <http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>. Information on submitting SPL files using eLIST may be found in the guidance for industry titled “SPL Standard for Content of Labeling Technical Qs and As” at <http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf>. In addition, representative container or carton labeling, whichever includes Drug Facts, (where differences exist only in the quantity of contents statement) should be submitted as a JPG file.

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).
